

Building a House for the Counterfeit

[AUDIO VERSION](#)

This morning, the 23rd of February 2023, I recorded a podcast and, after I had finished processing it, I went outside to feed my chickens and my ducks. I was pouring water into the tub that the ducks drink from. It was rather empty. They'd had a lot of water the day before and there was some mud at the bottom, but the water above was clear. And when I poured fresh water in, the whole tub of water began to look muddy. And then I heard the words '**CLARIFIED BY SUBSIDING**'. And I realized the Lord was referring to the podcast I had recorded earlier, which I will release after this short preamble. And what the Lord is saying is that you may have a certain understanding of how the end times unfold and what is going to happen in what order - And that is like that tub of water for the ducks where the water seems clear, but there is mud at the bottom. In other words, you think you can see the situation clearly. However, there is mud or fleshly understanding in the sediment at the bottom. And if you only drink from the top surface, you get what you think is clean water. However, it is contaminated. And when fresh water is poured into the tub of your understanding, it muddies all the waters, so that you can't see clearly and it all looks dirty. And you want to blame the murkiness of the water, on the fresh water that's been poured in.

But the Lord says your understanding will be clarified by subsiding. In other words, receive the fresh water into the tub of your understanding of end times unfolding. Even though it seems to muddy the waters considerably, let it sit in your spirit for a time

because subsiding takes time. Then the fleshly understanding or the mud that was already in your tub of understanding sinks to the bottom and the whole tub is full of clear, clean water and you can clearly see what is mud ie. what is fleshly understanding. And the rest of the container of your understanding is clear and you can drink of the waters above the mud.

So, I just wanted to release that really short word because I felt the Lord gave it to me as a preamble before the next message which follows now:

This morning. I want to share with you a topic that I've been studying and looking into for some time, and the Lord has been giving me bits of revelation; puzzle pieces that have been fitting together to form a whole picture. It concerns the coming of the One World Religion. We know that the New World Order will establish a One World Government with ten kings or ten regions (you find that in the Book of Daniel), and with it will go a religion that is required to be partaken of. And the Lord has been showing me how this religion been emerging. Other people have also been releasing information about it.

I first want to lay a foundation from the Word of where the Lord showed me it speaks about this One World Religion coming forth, and it is connected with current world events. So, the first scripture I want us to go to is Zechariah 5 from verse 1.

Zech 5:1 And again, I lifted up my eyes and behold, I saw a scroll flying in the air, and the angel said to me, 'What do you see?' And I answered, 'I see a flying scroll. Its length is 20 cubits and its breadth is ten cubits'. Then he said to me, 'This is the curse that goes out over the face of the whole land. For everyone who steals shall be cut off from henceforth according to it, and everyone who swears falsely shall be cut off from henceforth according to it. And I will bring the curse forth,' says the Lord of Hosts. (Notice He brings it forth) and it shall enter into the house of the thief and into the house of him who swears falsely by My Name, and it shall abide in the midst of his house and shall consume it both its timber and its stones.

Now, the first thing I want to pull out of that section of Scripture is the size of the flying scroll - 20 cubits by ten cubits. Where else in the Word does it describe that measurement? We find it in 1 Kings 6:3, describing a part of the temple that was built by Solomon:

'The length of the vestibule in front of the temple was 20 cubits and the depth in front of the house was ten cubits.'

Now a vestibule is a porch and it comes from the Hebrew root word, which means 'to put to silence'. In front of the temple was the outer court. So, this scroll that is released is connected to the outer court of the temple. So just peg that in your mind and remember that in Revelation 11:1&2, John was told to measure the golden altar and those who worship there, but leave out the outer court, which will be trampled for three and a half years. Now let's carry on in Zechariah 5 from verse 5:

'and the angel who talked with me came forward and said to me, 'Lift now your eyes and see what this is that goes forth'. (Now, remember, the scroll was first seen going forth. Now the angel is connecting the going forth of the scroll to something else. It's depicted in a different way). V6 'And I said, 'What is it?' And he said, 'This that goes forth is an ephah. It is the symbol of the sinners mentioned above and is the resemblance of the iniquity throughout the whole land.'

So, it is definitely connected to the scroll that brings judgment on the house of the thief and on those who swear falsely by God's name. And it is the resemblance or the manifestation or the depiction of this iniquity throughout the whole land.

'And behold, a round flat weight or lid was lifted and there sat a woman in the midst of the ephah. And he said, 'This is wickedness or lawlessness'. And he thrust it back in the ephah and cast the weight of the lid upon the mouth of it. Then I lifted up my eyes and looked and there were two women coming forward. The wind was in their wings, for they had wings like the wings of a stork, and they lifted up the ephah between the earth and the heavens, and then I said to the angel who talked with me, 'Where are they taking the ephah?' And he said to me, 'To the land of Shinar (or Babylonia) to build it a house. And when it is finished to set up the ephah there upon its own base'.

So I want to hone in on the wings of these two women that carry this ephah to the place where it's going to get its own house built for it. They were the wings of a stork. Now the angels of God are never described as having wings like a stork. In fact, quite often angels have no wings. So what is it saying when it mentions that the wings were like a

stork? In Leviticus 11:13, God is giving a list of things that His people may not eat amongst the birds: *'You shall have an abomination amongst the birds. They shall not be eaten, for they are detestable. The eagle, ossifrage, the osprey, the stork,'* and it goes on. So, the stork was signified by God as an unclean bird. The wings of a stork indicate abomination.

So, these two women coming forward with wings like a stork are fallen angels; unclean angels, not angels who serve the Most High God. So, this whole operation that happens with the ephah and taking this vessel with the wickedness in it to build a house for it and set it up upon its own foundation is the work of the evil one. And fallen angels are helping in its establishment, just as the angels of God help the heirs of the kingdom in establishment of the kingdom of God.

So, we have quite a contrast here. We have wickedness having a house built for it in Babylonia. And we have the Kingdom of God being built in the earth. Now, in the Ark of the Covenant was a golden jar with a 10th of an ephah of manna. And it was instructed to be placed there by God. He told Moses to collect 1/10th of an ephah (or an omer) of manna, which was the daily portion that God told each person to collect in the wilderness when He fed them every day. (You find that in Exod 16:16). God told Moses to take a portion of the daily bread that was supernaturally given to the people of God in the wilderness and to store it in a golden vessel inside the Ark of the Covenant. Now in Exod 16:31, it says that the House of Israel called the Bread 'manna'. It was like coriander seed and it tasted like wafers made with honey. They called it manna because when it first fell, they said, "What is it?" ie. "manna?" The word 'manna' means 'What is it?'

So, we have God providing heavenly bread daily, taking a portion of it and storing it in the Ark of the Covenant in the golden vessel. Now let's go back to Zechariah 5:6. When he saw the ephah... *'And I said, What is it?'* What means 'what is it?' Manna. So here in Zachariah 5, we see the enemy starting to establish something in the earth that is a counterfeit of the provision of God for His people of daily bread. Of course, ultimately, Jesus was the Bread that came from Heaven. Zechariah said, "What is it?", just as the people of God in the wilderness said, "What is it?" when they first set eyes upon the manna that fell from heaven? And remember, in Zechariah 5:6, he was told that this is an ephah that goes forth and it is the resemblance throughout all the earth.

So, it describes wickedness in an ephah, which is a vessel of dry measurement. And it says that over the whole earth there will be similar ephahs. '*This is the resemblance throughout all the earth*'. So, you have the prototype one being taken and having a house built for it and set up on its base in the land of Shinar. And then there will be resemblances of the same ephah of wickedness throughout all the earth. So, we have the true house of the Lord with the golden vessel containing real manna from heaven, and we have a counterfeit religion of false worship, which is wickedness being set up, which has an ephah containing the manna of wickedness.

Now, the land of Shinar, where the ephah was set up, is mentioned eight times in the Old Testament and always in connection with the geographical location of Babylonia. Noah's sons first settled in the highlands of Armenia and then they moved to Shinar and this was the location of the Tower of Babel, when Nimrod, a descendant of Ham, built the tower. I've done a number of messages about the Tower of Babel being built, connected with the witch's brew and the poison introduced into the arm, and how it is part of what is being constructed to build a house or a dwelling place where the antichrist's voice or frequency can be uttered. So, what is being built in the land of Shinar for this ephah of wickedness is a replication of the Tower of Babel, because it's been built in exactly the same region. It's connected to it spiritually, and Shinar is always associated with the wicked worship of false gods.

So for some time, those who are working to prepare the way for the coming of the antichrist have been bringing into being a one world religion. In 2019, Pope Francis travelled to Abu Dhabi. (Remember that Abraham came from Ur of the Chaldees). So they go back to the geographical root place of where the original great man of faith came from, and they set up a counterfeit. So, in 2019, in Abu Dhabi, he met with the Muslim leader, Sheikh Ahmed Talib, and these two men signed a global peace covenant called the Document on Human Fraternity for World Peace. That is where it was originally set in motion. And from that covenant that was made between Roman Catholicism and the Sunni Muslim religion, the higher Committee of Human Fraternity was created to implement the End Times Religious Peace Treaty. And then after a while, they announced they were going to build a fancy new headquarters for this human fraternity, which was intended to be opened in 2022, which was 3&1/2 years after the first signing of the Document on Human Fraternity (we are all brothers and

have the same father, basically). And this would be in Abu Dhabi, Saudi Arabia. Now, in 2022, the United Arab Emirates planned to celebrate their Golden Jubilee, and they wanted to have the opening of the Abrahamic Family House as part of the Golden Jubilee celebrations. It was designed to have a mosque, a building that represented Christianity (but the Catholic form of Christianity) and a synagogue for the Jews; so three different centres of worship in one family house in Abu Dhabi, in Saudi Arabia.

Crown Prince Sheikh Mohammed bin Zayed was very much involved. And remember that Donald Trump was also involved in signing the Abrahamic Accords and normalizing relationship with Israel and various Arab nations. And one by one, other nations came on board with the Abrahamic Accords. And so, we see that the One World Religion of the joining of Judaism, Christianity and Islam into one was set in place, block by block and step by step, with key players.

Now, when the United Arab Emirates had their Golden Jubilee in 2022, a symphony in tribute to the Abrahamic Family House was written and released, and the name of this Abrahamic symphony was 'Unity of Three'. Now there you have a blatant manifestation in frequency and music of the hybridization of apostate Judaism, Roman Catholicism and Islam. And they call it the Unity of Three, as if all three worship the same God, the God Who is three in one.

The UAE normalized ties with Israel following the signing of the Abraham Accords in September 2020. And although the Abrahamic family House was set to open in 2022, it was delayed until the following year, which is the year that we are now in. And they announced that the Abrahamic Family House will be the brick-and-mortar representation of the Abraham Accords that Trump had signed. Now, just let that sink in for a while...

Remember, the ephah containing wickedness was carried by the two fallen angels to Shinar to set up and build a house for it. The Abrahamic Family House is a brick-and-mortar representation of the Abrahamic Accords. Hmmm. They had the Golden Jubilee in 2022, but the building of this three-in-one house of counterfeit worship took longer than expected, and the opening was moved to February 2023, which is right where we are now. Founders of Chrislam include, not only Pope Francis, but Rick Warren (of Purpose Driven Life fame), who comes out of the Christian camp into counterfeit

Christianity, zealously promoting Chrislam and saying that Islam and Christianity worship the same God. Now, our God is not a moon god. And their god is connected to Baal and to Ishtar. And the God of the Bible whom the true Christians follow is neither of these things. In fact, when Joshua and the Israelites crossed over into the Promised Land and conquered Jericho, Jericho was a center set up for the worship of the moon god - and God sent His angels to help with the destruction of that city. Therefore, we know right back from Joshua's time that the God of the Bible does not condone His people joining with those who worship allah and have the crescent moon in their symbols, or those who celebrate apostate Judaism.

The End Times Abrahamic Family House in Abu Dhabi will be home to the headquarters of the One World Religion. It has the Saint Francis of Assisi Church, the Imam El-tayeb mosque and the Moses ben Maimon synagogue, all on one piece of real estate on Saadiyat island, which means 'the island of happiness'. How's that for a counterfeit depiction? The three-in-one World Religion headquarters is built on the island of happiness. This is where you will get fulfilment and find your heart's desires met in a counterfeit unity of three-in-one world religion. It is a physical manifestation of the Document on Human Fraternity.

Now let's discuss how they've built this Abrahamic House of Worship. The houses of worship were designed as three clear geometric cubes connected by pathways and gardens. They not aligned with each other. Each of these cubes has a different orientation. Now take note of the CUBE design. Remember that the Holy of Holies is also a cube. You find it in 1 Kings 6:20. It says the Holy of Holies was 20 cubits in length, in breadth and in height, and was overlaid with pure gold. The New Jerusalem descending out of heaven in Revelation 21:16 is also a cube. It says *'the city lies in a square, the length being the same as its width. And he measured the city with his reed 12,000 stadia, its length, its width and its height all the same'*.

So, the true new Jerusalem descending out of heaven is cube-shaped. But this set-up they have built in Abu Dhabi on this island of happiness is three unaligned cubes which are a physical manifestation of the Document on Human Fraternity, aka the One World Religion. And not coincidentally, concerning cubes, Saudi Arabia has just announced it is going to build. 400-meter cubic golden building in its capital city, which will be one of the largest built structures in the world. Its name is Muukab, which is Arabic for 'cube'

and it is being built as a zero carbon city. It is the size of about 20 Empire State Buildings. And in the center of this golden cube is a spiral staircase with a tower on the top. This is nothing more than a modern ziggurat. The ziggurat was a shrine to a false god or a demon or fallen angel. And the priests would perform sacrifices and other rituals. They built them high because they wanted the shrine to be as close to the heavens as possible. A spiral staircase is also used in Freemasonry, and it represents

Jacob's ladder extending from earth to the heavens. It's also referred to in the Fellowcraft degree of Masonry, and the ascent of the stairs is representative of the advancement of Masonic knowledge that the candidate gains on the journey to (false) light. So, in Saudi Arabia, there's a lot of construction of physical buildings going on - to represent counterfeit religion, the worship of false gods, and this golden

cube in Saudi Arabia's capital city is a counterfeit of a new Jerusalem descending out of heaven from God.

Now let's go back to the Abrahamic house of worship. The reason why, with the Abrahamic house of worship, they built three cubes with exactly the same external dimensions is 'to emphasize through design that no faith is more dominant in the other'. That is an utter heresy. God commanded His people never to blend with the demon worship and the false religions of the people of the Promised Land. In fact, He told them to wipe them out because they were involved in such abominations. And here this Abrahamic House of Worship depicts in brick and mortar that no one religion is above the other. But Jesus Christ himself said, "I am the Way. No man comes to the Father but by Me". That is a very clear statement. There are not many ways to the One True God. There is ONE WAY and it is through the door of Jesus Christ, Yeshua the Savior, the Son of God who came and shed His Blood for us, to make a blood covenant with the One True God who created heaven and earth. And therefore, the statement that no faith is more dominant than the other is utter heresy.

Now, all these three cubes are facing in different directions. The mosque is orientated towards Mecca. The synagogue Bema (or Mercy Seat) faces Jerusalem and the church's altar faces the east and the sun. Do you remember in Ezekiel 8:16, when God took him by the hair and went and showed him a few abominations? There were people in the OUTER COURT, facing East and worshiping the sun, and God said it was an absolute abomination.

Now I want to just go into the construction and design of the three different cubes and what God's showed me about it. So first, I want to discuss the Christian part. Remember that the temple had three parts that Solomon built the outer court, the holy place and the holy of holies. And these three cubes represent a deconstructed counterfeit version of the temple that was built to worship God. Everyone know what deconstructed is? When you have a deconstructed macaroni cheese, you get the pile of macaroni on one side of the plate. You get the cheese on the other side and the bacon. So, it's taking all the elements that make up one whole dish and making them separate so that you can partake of things separately. The Abrahamic House of Worship is a deconstructed counterfeit temple, supposedly worshiping the same God.

1)the Christian cube

It has been designed for different Christian denominations to worship, but remember that Pope Francis was the one who established this. It has a water element existing outside the church's entrance, manifesting a ritual of 'crossing over' as opposed to the sequence of descent occurring in the mosque and the synagogue. Now, the ritual of crossing over a body of water is symbolic of a water baptism or the crossing of the Red Sea, which, we are told by Paul, when we are water baptized, 'we are saved through water', just as when they were saved out of Egypt,. But, here at the Christian cube, instead of crossing from death to life, as one does in a true Christian water baptism, this ritual of crossing over is crossing over from life to death.

When you look at the design of this cube that is supposedly for Christian denominations to worship, a bird's eye view from above shows it looking like a tribulum. It has very tall, thin columns that look like the prongs on a rake or a tribulum, which was a Roman instrument for separating the wheat from the chaff at the threshing floor. And the word 'tribulum' is where we get the word 'tribulation' from. So, this design of making the Christian Cube look like a tribulation is an indication that tribulation is coming for true Christians.

When you go inside this cube that is supposedly for Christian worship, it has, plunging down from the ceiling, an innumerable number of very long thin spikes (I think they made of pieces of wood) with sharpened ends. In Revelation 14, where it speaks of the mark of the beast or the 'charagma' of the beast, that word comes from a root word G5482 'charasso', which means 'to sharpen to a point, a stake, a palisade or a rampart'. Remember that God warns His people to have endurance and patience during this time of the enforcing of the 'mark'. Now the word 'rampart' ('charasso'), which is the root of 'charagma', is only found once.

This word meaning 'to sharpen to a point, or rampart' is used in Luke 19:43, and it was in the warning of Jesus to His followers.

'for the days will come on you that your enemies will raise up a rampart to you and will surround you and keep you in on every side and they will tear you down and your children within you and will not leave a stone on a stone, because you did not know the time of your visitation.'

Now, He was referring then to the destruction of Jerusalem and the Roman enemies, building a rampart around it of stakes with pointed ends - but it was also a prophetic statement about the end-time tribulation. And this language of the 'rampart' speaks of a war against God's people with something is sharpened to a point, a stake and a rampart.

So, here is a thought... is the pointed, sharp instrument that is used to introduce the witch's brew to the human body, (which was intended to be the temple of God), not the thing that is actually 'the rampart raised up'. A rampart is a military construction. Is this pointed, sharp instrument not a military bioweapon which lays siege to the human body, destroys children in the womb, and devastates the structure of the bodily temple?

Remember, Jesus said, the enemies will raise up a rampart to you, will surround you, keep you in on every side, tear you down and your children within you, and not leave a stone upon a stone. This military bioweapon consumes the stones like Zechariah 5's curse action speaks of. It is said to enter the house of the thief. And who is the thief, but satan who comes to steal, kill and destroy? He's building a house or a body for himself through the bioweapon. The curse enters

the house of those who swear falsely by God's name, saying they are His children, but they've become hybrid and He knows them not. This is why God is calling for urgent repentance in my message called 'The Hybrid Wheat'. The curse consumes the house or the body, its timbers and its stones – or, to use the terminology of the body, the timbers are the bones that hold up the construction of the house or body and the stones are the cells and the organs.

So, listen again to what Jesus said about the sharpening to a point and the rampart. "The days will come that your enemies will raise up a rampart to you and will surround you, will keep you in on every side, and they will tear you down and **YOUR CHILDREN WITHIN YOU**". Does this military bioweapon not cause, and has it not caused, countless miscarriages and stillbirths and inability to conceive? And Jesus continued, "And it will not leave a stone upon a stone". The curse consumes the stones, right? The charagma in Revelation, from the root word 'charisso', and its pointed stake is meant to hem you in on every side, as Jesus said in Luke 19:43, 'so that you are trapped and then torn down'. He said they will 'keep you in'. That word is 'sunecho' and it means 'to hold together, to compress or to arrest a prisoner, to be in straits, to lie sick of

something'. So, this rampart makes you sick. It causes you to be in dire straits. It takes you prisoner, and then it tears you down. And the word 'torn down' in Luke 19:43 means 'to raze to the ground or destroy completely'. So, the Christian cube in the Abrahamic House of Prayer is the counterfeit outer court of the three-as-one Abrahamic temple.

If you look at the picture of the interior where you're supposed to worship the One True God, (but we know that it's worshiping a counterfeit), it has wooden implements pointing downward from the ceiling, sharpened to a point and aiming at the worshipers in the pews - pallisade stakes included in its architecture! Look again at the photograph of a stockade on the previous page, so you can see how similar it is to what is coming down from above in the Christian Cube Worship building at the Abrahamic House of Religions.

These sharp points are also seen, as I mentioned, in a tribulUM or a threshing sledge. The three- and one-half years of tribulation are designed for threshing outer court Christians; separating the wheat from the chaff.

In addition to each individual tube being a counterfeit of one of three parts of the true temple of God, they are also a counterfeit of Ezekiel 1's four living creatures, because each cube has four faces facing in four directions of north, east, south and west - and they claim to carry the presence of the same God within them. Remember in Ezekiel 1, the living creatures faced outward round the throne when Ezekiel saw it descending from heaven.

2) The Mosque.

The mosque, they say, is meant to celebrate both privacy and collective congregating. It gives users opportunities to observe the customs of Islamic prayer, and also to join with other worshipers. But if you look at the architecture, on the four faces of the cube for Islam to worship at the Abrahamic House, there are seven very high archways with the middle archway of the seven the highest.

They are a counterfeit representation of the seven flames of the Menorah in the Holy Place of the temple. The Islamic Cube building in the Abrahamic House of Religion is the COUNTERFEIT HOLY PLACE, displaying counterfeit light in a place where individually the priests could worship daily at the golden altar with the incense, and there was the Bread of the Presence on the table (the shewbread). Here in the Islamic cubic building, each side has got seven giant archways shaped like flames - the counterfeit menorah in the counterfeit Holy Place.

3) The Synagogue.

This is the third cube, which, according to the architect, recalls the Jewish Sukkot Festival, where palm trees are harvested and communities built tents for gathering and eating. Now the real Jewish Sukkot, or Tabernacles, celebrated the provision in the wilderness of God in the midst of them. But the architecture of this synagogue, which represents the Holy of Holies, the 3rd and innermost part of the temple, has giant W's on each side - three of them WWW. That is the same as

the 6th letter Vav in Hebrew, which has a numerical value of 666, the number of the beast mentioned in Revelation 13:18. The four faces of the cube of the counterfeit Holy of Holies has got the number of the beast in Hebrew lettering. So, you can work out whose presence is within this structure!

The architect of this Abrahamic house of worship was knighted by Queen Elizabeth, the second in 2017. It's design was unveiled on September the 20th, 2019, at the Higher Committee of Human Fraternities celebration in New York City. So, we can see the threads connecting the House of Windsor, New York City in endtime Babylon in America, and United Arab Emirates' Island of Happiness where the Abrahamic House of Religion has been erected. This house is the Three-as-one counterfeit One World Religion headquarters described in Zechariah 5. The ephah of wickedness has had a house built for it, is set up on its base, serving as the International Headquarters of the One World Religion of Christendom.

It was opened and inaugurated on the **16th of February 2023**. That was last Thursday, I think. How very interesting. I include a link to the [**VIDEO OF THE OPENING**](#).

The first Shabbat service in the counterfeit Holy of Holies Cube was held on the following Saturday, which was February the 18th, the Saturday that has just gone past. This Abrahamic House of Religion will be open to the public on the **1st of March 2023**. Can you see how a house has been built for the ephah of wickedness carried by fallen angels to Shinar to set it up on its base? And there will be resemblances of it throughout the whole world.

Now let's look at the timing of this inauguration and opening. What does it align with? On the evening of the 21st of February 2023, it was the new moon for the new month, which is the month of Aviv for those who are the Tip of the Spear following the early barley ripening. On the Rabbinic calendar, it is the 1st of Adar, which, believe it or not, is the anniversary of the three days of darkness in Egypt! The 21st of February in the evening was also the time at which President Putin made his speech to the nation of Russia, in which he announced that Russia is withdrawing from the nuclear treaty. This is very significant and the timing of it on the new moon is astounding. When God said to Moses that the 1st of Aviv would be the first day of the first month for His people, He was basically telling them that life would never be the same again, that huge change and massive movement was just ahead and that the next two weeks in this month were a

narrow transition window to being thrust suddenly out of Egypt. They slaughtered the lamb they brought into the house on the 10th of Aviv in the evening watch of the 14th of Aviv. They ate it that night with the blood on the doorposts, with their shoes on their feet and their staffs in their hands, ready to leave Egypt. Is it not interesting that Putin announced he is withdrawing from the nuclear treaty exactly two weeks before the celebration of Passover for the Tip of the Spear Company?

Spiritually, I can sense we have definitely entered Aviv, rather than a second month of Adar, just by what is unfolding worldwide. Rivka Biederman, the lady in Israel who alerted us last year to the early barley ripeness, says that she has found some barley which could be fully 'aviv' or in the right state by the time the firstfruits wave sheaf needs to be reaped. It's not necessary for it to be ready on the first of Aviv. It still has about another ten days of ripening to do before it has to be gathered as a firstfruits sheaf - but this IS dependent upon the weather and the growth of the plants.

Here is the video of her most recent report (with poor sound)

<https://www.youtube.com/watch?v=nQrVvvMiwX4>

and a repeat video she did to clarify what she said

<https://www.youtube.com/watch?v=ih7J7FmtQ1Y>

The field that was used last year, where aviv barley was found, has, very significantly, been covered with boulders on one half and the other half has been cultivated into an orchard. In other words, it can no longer be used to reap barley. How interesting, from a spiritual point of view that just when the Tip of the spear needs clarity about moving into the next season, the ability to refer to last year's trusted sources is completely obscured. Under those boulders, are barley seeds, unable to see the light or germinate and grow to full potential. It seems to me the enemy would like to slow the Tip of the Spear down and bring them back into a harness with those who celebrate the Rabbinic calendar feasts and follow the timing set out many years in advance. Remember that the counterfeit Holy of Holies cube on the Island of Happiness at the Abrahamic House of Worship will be celebrating the Rabbinic calendar feast dates. They are the Headquarters of the One World Religion.

So, the question is, do we step out in faith and move forward, trusting our discernment that the spiritual season is changing now - and not in 30 days time, which is when the Rabbinic calendar says it changes. Faith is, after all, the substance of things hoped for and the evidence of things not seen! Or do we wait and demand a clear physical sign in the form of a firstfruits barley sheaf, so that we can know the change of spiritual season

before we follow the Spirit? Considering the fact that there is no longer an earthly brick and mortar true temple to offer firstfruits barley (that was destroyed in 70 A.D.) and we, His Body are now the Temple of the Lord, I have been wondering whether the Spirit will be leading us in future WITHOUT these communications coming out of Israel. After all, at some point the Internet will go down and all ways of getting this information about the barley ripeness in Israel and the season change will be down and unable to be accessed. What then? What are we going to do then? Surely, we must learn to be led fully by the Spirit in all things, wherever we are on the planet.

So personally, I'm going with my gut feel on this and will be celebrating Passover in two weeks' time on the evening of the 14th of Aviv, which is the evening of the 7th of March. The Rabbinic calendar on this date celebrates Purim. Now, remember, the 1st of March is the date on which the Headquarters of the One World Religion opens to the public in Abu Dhabi. So, the first Passover celebration in the counterfeit Holy of Holies cube, at the Abrahamic House of Worship will be celebrated this year, in 2023. As a matter of interest. March 1st is a satanic feast day where human blood is consumed for strength to honor demons -.and they are opening the Headquarters of the One World Religion to the public on this day. So, the first time that unknowing people go up to this counterfeit synagogue to celebrate Passover on the Island of Happiness will be after this satanic feast day.

The rabbinic Passover is in the first week of April. Now, this coincides with the Japanese government beginning to release 1.3 million tons of treated nuclear waste water from the Fukushima nuclear site into the ocean. And in spite of the assurance that the water is 'treated', sea life will be negatively affected. Death will be entering the sea. Does it not talk about that in the Book of Revelation, about there being blood in the sea? March 11th is the 12th anniversary of the terrible 9.1 earthquake in Japan that triggered the Fukushima disaster. How interesting that 12 almost 12 full years later, they are releasing 1.3 million tons of nuclear waste water into the ocean. I wouldn't suggest you be eating raw salmon (or any fish) from those waters any time soon.

So, precious remnant, I hope I've presented in a clear way this whole buildup to the One World Religion and the steps that have been taken to build the house and lay the foundation for the ephah of wickedness... and the connection from Zechariah 5 to the rampart that is raised up in Luke 19 and the curse that goes forth being the size of the

outer court of the temple. It is released into the house of the thief. Who is the thief? Satan, who comes to steal, kill and destroy... And into the house of those who swear falsely by His Name, who say they are His, but His name has been removed from their DNA. The task of the curse is to consume the timber and the stones. And in that same scroll is the representation of the ephah with the woman called wickedness carried by the fallen angels to the area where the Tower of Babel was once built. *THIS* is the new Tower of Babel. One World Religion Representation the three-as-one Abrahamic House of Worship. What an abomination!

May the Lord lead you by His Spirit as you prayerfully consider these things. May He give you understanding of the times, so that you may know what to do. May you be hidden under the shadow of His wings in these days. Amen.
