

[Liquidate Before Too Late~ Audio](#)

Hi, I want to share with you what the Lord has been speaking to me about this week. On Monday, I heard a word as I was driving along; just a single word - LIQUIDATE. Now 'to liquidate' means 'to sell your investments or property, to make them available in cash for easy use', It means 'to sell assets'. Investors may choose to liquidate an investment because they want to get out of the market, or because they need the cash. So, I don't know much about liquidating, I've never been told to do it before. So, I did a bit of research, and it said on one site:

'Selling financial assets is a viable strategy to minimize the financial risk of losing money in an untimely stock market drop. Liquidation generally refers to the process of selling off a company's inventory, typically at a big discount to generate cash'.

So, what is God saying here when He said to me, "Liquidate"? He's saying, "Don't try to get as much as possible for your assets, just convert them to cash urgently". Why? Why is He telling us to do this? Because you are going to need the liquid money to do what God instructs you to do next and liquidating your assets and untying fixed deposits and selling solid items does take a little bit of time. So, one has to immediately be obedient when God gives an instruction, because it's going to take a few days to get it right.

Remember Joseph and Mary and the wealth from the wise men - those wise men had liquidated their wealth and transported it in their saddle bags to the place and the Person God told them it must be deposited. They took the gold out of their safe storehouses or vaults, where they had been keeping it and they got ready for easy movement and delivery. They ordered the best frankincense and

the highest quality myrrh to be extracted from the vast stores and packaged in an easily transportable fashion.

Yesterday, as I was driving, I saw the words 'LASER LOGISTICS' written in black on a bright yellow truck. I've discussed with you before that logistics is the movement of troops and supplies.' Laser logistics' was highlighted in yellow before my eyes and the Spirit told me it means 'the precise movement and placing of troops and supplies'. I was actually driving on my way to look at a car, as my old faithful car - emphasis on the 'old', is now able to be replaced because of the Lord's provision. And I had a sudden urgency at the beginning of February that I needed to do it within the month of February. So, I have been looking around. (It's very stressful trying to buy a car, because you never know whether the car salesmen are lying to you through their teeth). Anyway, I was on the way to where I thought I was going to look at a certain car that I saw in an internet advert and I ended up at the wrong branch of the company. BUT it turned out that I was exactly at the place where God wanted me to be! They told me that the car I was looking for was at the other branch, but then I was shown another car at the same price by a woman called Madelaine.

Interestingly enough, the name Madeleine is a girl's name of French origin, meaning 'woman from Magdala or high tower'. Mary Magdalene or Mary, who came from Magdala, was the one who anointed Jesus' body for burial, for tomb time, she provided the first fruits anointing with a whole year's wages poured out or LIQUIDATED. That bottle of anointing oil had been purchased with a whole year's wages, and it was stored in the alabaster box and she liquidated it. She broke it open and she poured the whole of it out upon the body of Christ. Joseph of Arimathea provided the 100-fold preparation for burial with his vast amount of myrrh after Jesus was removed from the cross, but Mary Magdalene was the one

who liquidated her whole wealth and poured it out, under the clear guidance of the Spirit, upon the body of Christ.

Now, interestingly enough, in order to be able to purchase a car, I had to progressively liquidate my savings, day by day, for about a week. Because my limit of how much I could transfer daily would not cover the whole amount I needed, every day I transferred a bit of money out of my savings into my current account - every 24 hours. And today, 10th of the 2nd month, 2022 (10/02/2022), I had enough liquidated to transfer and pay for the car. And what an exciting thing it was to be able to have the transaction completed.

The Lord highlighted to me the date on which I had enough liquidated to complete the payment for the car and the Greek word G1002 in the Strong's Concordance is 'javelin or dart'. When I saw that immediately, the Holy Spirit reminded me that the name Methuselah means 'man of the dart'. It's actually made up of two words, one word means 'man' and the 'second part, shelach, means 'dart or missile of attack, spear, and also a shoot or growth or a branch'. So, Methuselah in Hebrew can mean 'the man who is the branch'. And we know that it is the man who is the Branch that will build the true temple of the Lord and be both a king and a priest, according to the Book of Zachariah. God is bringing forth His servant company; The Branch Company, who are going to build and establish the Temple of the Lord, ruling with kingly authority and ministering to the Lord as priests. Now, when I was thinking and pondering about Methuselah and I looked at the name in the English, I saw that the last part of the word in English is 'selah'. Methu-selah. And the word selah in Hebrew is a pause in music. It means the music is not over, it's not the end of the song. It's just a brief moment when music cannot be heard, but it has been written into the blueprint or the composition, the score of the music. And during a selah, it seems that the

music has died. But in perfect timing, it is resurrected and resounds again and to the completion of what has been fully written. So, I found that significant concerning the fact that God was telling us urgently and speedily to liquidate, because it may seem that then the storehouse is empty, that there is nothing there. But the Lord is saying this is just a brief moment of death, and in His perfect timing, resurrection will come and there will be a completion of what is written.

The other thing the Holy Spirit drew my attention to when I was praying about whether this particular car was the right call for me to buy. He showed me that the number plate of my new car contained exactly the same numbers as my old car but in a different order and composition. In other words, there had been a metamorphosis. The same building blocks were used, but just in a different arrangement – just like a worm liquifies in a cocoon and emerges built into a butterfly. And does the word of God not say that we shall be changed in the twinkling of an eye, just as Jesus was transfigured up on the mountain with His closest disciples. We shall be changed, transformed, even while our feet are still on planet earth.

Very interestingly, the type of car I'm getting is a Suzuki Swift. And the Lord had me look up the word 'swift' in the King James version of the Bible. It is the Hebrew word H4116, and it means 'to be liquid or to flow easily, by implication, to hurry and act speedily'. So there again - in the actual make of my car is a confirmation of the instruction to liquidate speedily! Only God could have thought that up!

A swift is also a type of swallow, and David likened himself to a swallow in Psalm 84:3, where he said, *'But the Sparrow has found a house and a swallow, a nest for herself, where she may lay her young, even Your altars, o Lord of Hosts; my King*

and my God'. And what is a nest for a bird? It's a home. It's a place of shelter. It's a place of fruitfulness to bring forth in, and to bring that embryo to successful hatching or manifestation. And what David is saying is that the altar of God is his home; his safe place; his place of bringing forth to completion what God has placed within his spirit. So, God's altar is our home, the place where we find rest.

I had a look what the etymology or the origin of the word 'liquidate'. And in the 1870s, it meant 'to reduce to order, to set out clearly', and it came from the Latin meaning 'to melt, to make liquid, to clarify'. And there was a sense of 'clearing away debt' by the time the word was used in 1755. Now, when I shared the War Chronicles part II, God said to us, after all the revelation about war that was coming, that we should get our houses in order. And part of doing this is the liquefying of our assets for His purposes. And that we have to ask the question, is mammon or our bank accounts savings are safe tower? Well, if it is, then it is about to be imploded along with the whole world's financial system.

I really struggled with purchasing a car. It's not a new car, it is a second-hand car, but I struggled with digging into my savings of what the Lord had blessed me with, because I knew it was giving it to me for a purpose. I just did not know what that purpose was until the urgency came in February to replace my car, which has become very old. When we unlock our vaults and make them liquid under the Spirit's direction, we both store up treasures in heaven for ourselves rather than on earth AND we also escape what is surely coming upon Babylon. OUR FINANCIAL ASSETS MUST LEAVE BABYLON AHEAD OF OUR FEET, or we will suffer the judgments written for Babylon on our finances. So, it is urgent to get out of debt at this time, and if you have to sell something in order to pay any debt that you have, bite the bullet and do it at this time. The instruction of the Lord is to LIQUIDATE.

Then at 3:30 a.m. this morning, the 10th of February, I woke to a phrase and a very brief dream vision. The words I heard were 'CONTROLLED DEMOLITION'. Generally speaking, the term 'controlled demolition' refers to the demolition of a building or structure by means of explosives. Sometimes it's called an 'implosion', ensuring the strategic collapse of a building by placing explosive materials in a predetermined detailed sequence and detonating them at a prearranged time. It employs a series of small explosions strategically placed. Now, when I heard the words 'controlled demolition', I saw an image of a high rise building falling in on itself and being progressively reduced to a pile of rubble. And as it did so, people were throwing themselves out of the windows high up. It was a bit like 9/11 when the trade towers went down. And then after this image of the building, I saw a flash image of a big black computer screen depicting multiple financial markets plunging all at the same time.

I'm going to ask you to watch the [demolition of the Plaza Hotel on the 17th of February 2021](#), and I want you to take note when you watch it that the man says at the beginning, "Tell me when you are in the red, and then go ahead". And then a countdown was done from 10 and then 13 explosions were heard, one after the other and the tower collapses in on itself. Now take special note that those 13 explosions happened one after the other after the other -with no gap in between. That is what it is going to be like. You will no sooner have heard of one financial market crisis and the next explosion will occur. When God says there's going to be controlled demolition of the world financial system, He's saying that there have been strategically placed 'explosives', in a sense, to do their destructive work one after the other, like dominoes falling. And that whole financial system is going to go down like a building demolition AND IT IS BEING CONTROLLED! The demolition of the financial markets worldwide will be completely controlled, planned long in

advance, and they are already counting down from 10, because they know that most people in the world with any money are 'in the red'. In other words, they are living beyond their means and are in quite a bit of debt. Now in the demolition world, being 'in the red' actually means 'reliable excavation and demolition'. But what the Spirit showed me when He likened the demolition of a building to what's going to happen with the financial markets – 'In the red' means in debt. So, get completely out of debt, saints of God, even if you have to live more simply! LIQUIDATE SPEEDILY. We have very little time left.

The word 'implosion' means 'a process in which objects are destroyed by collapsing in on themselves'. Implosion reduces volume occupied and concentrates matter and energy. What God is saying is that those behind the scenes have already laid explosives in strategic places in the Tower of World Finance. They are already counting down. And when they reach "1", they will trigger the demolition from multiple positions both lower and higher up in the Tower of World Finance. And in a day, it will be demolished. How it will be done practically, I have no idea. But I saw people high up in that tower that was collapsing - when it began to fall, those in the upper windows threw themselves out and killed themselves. Revelation 18:2 says the following:

'And he shouted in a mighty voice, she is fallen, mighty Babylon is fallen. She has become a resort and dwelling place for demons...' Rev. 18:4, 'I heard another voice from heaven saying, come out of her, My people, so that you may not share in her sins'. 18:8 'so shall her plagues come upon her in a single day pestilence, anguish, sorrow and famine and she shall be utterly consumed for mighty is the Lord God who judges her. And the rulers and leaders of the Earth who joined her in her idolatry and luxuriating with her will weep and beat their breasts and lament when they see the smoke of her conflagration or burning. They will stand a long

way off in terror of her torment, and they will cry woe and alas, for the great city, the mighty city Babylon, in one hour, how your doom has overtaken you and the earth's businessmen will weep and grieve over her because no one buys their cargo anymore'.

So, I want to stress the word LIQUIDATE was spoken as a command and an instruction, not a tentative suggestion. There was an urgency in it. God is warning His people to liquidate their assets, their savings, their unnecessary possessions as much as is possible. You know, Jesus said He would send the Holy Spirit and He would tell us what is to come, (In John 16:33, you will find that). He is telling us what is to come. So, Beloved remnant, now is the time to seek His face as never before in this area and find out why the Lord is telling you to liquidate. Where is the free-flowing liberated finance supposed to be used? Must it be converted to solid assets like silver or gold that you can carry with you in your saddlebags, or must it be transferred to another part of the vineyard. Whatever He tells you to do, do it swiftly because the controlled demolition is going to take place and the countdown is already happening.

Now I want to refer you to the scripture that speaks of 'the twinkling of the eye' and changing. 1 Corinthians, 15:53, *'the perishable must put on imperishable and the mortal must put on immortality (or freedom from death). When the perishable puts on the imperishable and that capable of dying puts on freedom from death, then shall be fulfilled, the scripture that says death is swallowed up in victory. O death, where is your victory? O death, where is your sting?'* When the financial tower of Babylon falls, its death will have no victory in your life, if you have been swift to be obedient to the instruction of the Spirit, who is warning you what is to come. Let that which is perishable, put on immortality - Store up treasures in heaven, rather than on earth.

Mar 10:21 And Jesus, looking upon him, loved him, and He said to him, You lack one thing; go and sell all you have and give [the money] to the poor, and you will have treasure in heaven; and come [and] accompany Me [walking the same road that I walk].

James 5:1 says, *'Come you rich, weep aloud over the miseries that are surely coming upon you. Your abundant wealth has rotted and is ruined and your garments are moth eaten. Your gold and silver are rusted through and their rust will be a testimony against you, and it will devour your flesh as if it were fire. You have heaped together treasure for the last days. But look, here are the wages you have withheld by fraud from the laborers who have reaped your fields crying out for vengeance and the cries of the harvesters have come to the ears of the Lord of Hosts on earth. You have abandoned yourself to soft living and to the pleasures of self-indulgence and self-gratification. You have fattened your hearts in the day of slaughter'*. Whew, Beloved, we don't want that to be a description of ourselves. The Spirit of Truth is warning to urgently liquidate because controlled demolition is going to be happening soon. May He Who leads us into all truth, guide you very carefully with laser-sharp precision, as He continues His laser logistics with the movement of troops and supplies and shows you exactly what to do with what you have in your storehouses.

Selah.
