

## Immerse! (25th Nov 2022)

On 25th of November 2022, I heard one word from the Lord - **IMMERSE**. Now, immerse means 'to plunge into something that surrounds or covers it, especially to plunge or dip into a fluid', or it means 'to become completely involved in something'. The etymology of the word 'immerse', which is a verb, a doing word and instruction is 'to plunge into a fluid'. It was used in the early 15th century from the Latin 'immerses', which is from the past participle, which means 'to plunge into, to sink, submerge'.

So, I want to ask you, is your head covered by the water of the Word? Or is it sticking out, so that your own thoughts and understandings are on full display? When I showed you the video of the river that I visited, the stones that were sticking out of the top of the water, who had their heads out of the water, did not become smooth. Whatever part was above the water was not worn down or smoothed. Only that which is under the water of the Word becomes a smooth stone.

So, the Holy Spirit is saying to us," Go right under. Let your head be filled with the water of His proceeding word, so that when you open your mouth, it is His words that come out, not "I think", "I feel", "I want", only say what you hear the Father saying. Do not repeat what the dragon is saying through his river in the earth. That vile water that comes out of the dragon's mouth has been sent to destroy you.

He has mouthpieces in the earth. Yuval Harari is one of them. And that water that comes out of Satan's mouthpieces is meant to poison you and overwhelm you. Fill your mind and heart with the words of life from the lips of Him, who is the Way, the Truth and the Life, so that darkness is unable to permeate your earthen vessel or contaminate your soul and spirit. Those words by the dragon's mouthpieces have frequency that is in opposition to life and health and peace in your earthen vessel. Therefore, the only way to resist it is to completely immerse yourself in the water of His words, whose frequencies impart life and truth.

The light and the frequency that is in the water of the words of El-Olam, the Eternal One causes everything to live wherever it goes. Remember, Adam and Eve in the garden were continually bathed in the frequency of the voice of God. He walked with them in the cool of the day, but the minute they started a conversation with the serpent (or,

more properly from the Hebrew, the flaming nacash, which is an angelic type being), they began to take darkness into themselves, and the light that they were clothed with was compromised. And that is why they saw that they were naked. Before that, they saw everything through the eyes of their spirits.

I learned from Gwyn Shaw, who was the head of the End Time Handmaidens missionary organization, some years ago, that scientists have said that blood is liquid light. So, Adam and Eve had light coursing through their veins, their hearts distributed light, and when they entered into conversation with the mouthpiece of the dragon, that light became liquid blood. ...And now we see that he who wants to ascend and take the throne of God is on phase two of his plan. The blood went from light to liquid. And now he is making the blood of human beings into solids. The life is in the blood.,Tte word of God tells us, but all those that have taken the poison into their earthen vessels have now got clots and structures in their blood that are filling the veins and the arteries and the lifeblood cannot flow anymore. There is darkness in the blood. There is no longer life in the blood. There is death in the blood.

So, when God says, " **Immerse**", He's telling you to do it NOW, because if your head is sticking out, the next wave of what's coming is going to take you out. It's no good being in the waters of His Word from the shoulders down. You have to immerse yourself. Think of those round stones I videoed [right under the waters with the light of the sun making beautiful glory ribbons on their surfaces](#) and the frequency of the waters being absorbed by those stones. That is what God is telling us to do. **"Go right and immerse yourselves in My Word if you want to be able to survive what's coming and be carried into the fullness of My kingdom purposes. Don't waste time drinking of the vile flood that is coming out of the dragon's mouthpieces."**
