

## How to Send a Blessing in a New Season

Precious saints,

Recently, Paypal decided to amend their user agreement to state that if any user was involved in the spread of disinformation, they would be fined \$2500 by Paypal without the user being informed. Initially, there was such a backlash by the public to this news that they retracted their new rules, but this week, once the furor had died down and people stopped closing their accounts, they quietly reinstated the disinformation fine. Now, as you know, my [Divine Image Destroyed](#) series is definitely not in line with mainstream information, and I often mention the rollout of the new world order and satan's plans for world domination. So, it is only a matter of time before the axe falls in my direction!!

After prayer, I have decided to CLOSE MY PAYPAL ACCOUNT, even though it is the primary method readers use to sow into my ministry or send a blessing. I apologize for the inconvenience, but do suggest you also pray about using this platform if you hold alternative beliefs to mainstream media views. Coming out of Babylon is now taking place on many fronts.

Thankfully, I have found 3 other methods you can use to send finance internationally. None of these platforms charge you to send money. If you should be led by the Lord to sow, **PLEASE MARK YOUR DONATION AS 'GIFT'**. Below are the 3 platforms I have researched and links describing how to use them.

May you be led by the Spirit in all things!

In His service joyfully, always!

Christine

2. **Western Union** – if you need a branch, it is the depot at Absa Bank, shop 28, Habitat Centre, Somerset West Retail Park.
3. **Send via international bank draft from your personal account**

Different countries ask for different information when doing international transfers.

**SOUTH AFRICA DOES NOT UTILISE IBAN NUMBERS, ONLY SWIFT CODES.**
