

'An Ark for the Remnant' Transcript

[AUDIO MESSAGE](#)

Today is Saturday, the 1st of October 2022. Wow. Since I last sent you a message, so much has been happening on the world front. Friday the 30th Sept, was a very intense day for me, spiritually. The Lord was downloading a lot, imparting a lot, and at the same time, there was an awful lot going on, on the news front. Hurricane Ian hit Florida and caused tremendous destruction. It has been proved now that it was [a directed and weaponized hurricane](#), using electromagnetic means to target specific areas. It hit the Florida coast near Fort Myers, where one of the largest fertilizer factories in America is, and extensive damage was caused - which means that, again, the food production for 2023 is going to be greatly affected in North America because of a lack of fertilizer. Friday was also the day when Russia formally ratified the inclusion of four states back into Russia from Ukraine. They had their referendums and over 90% of people in each of those four states declared they wanted to return to being part of Russia. So, in other words, the boundary between Russia and Ukraine has moved and the bear rug is being rolled out. For those of you who have been subscribers for a while, you know that's a reference to one of my older War Chronicles posts about the dominance of Russia in Eastern Europe. So, things are moving very fast now.

On Friday morning, I heard clearly, **“The tipping point has come. The downward slide cannot be stopped”**. So, I looked up the phrase ‘tipping point’. And it means:

‘the critical point in a situation beyond which an unstoppable effect or change takes place. It is the point at which a small development produces a large, irreversible change’.

Now, also, late this last week, we had the Nord Stream I and II pipelines being sabotaged. And it's become increasingly clear who the saboteurs were. There were drones sighted around the areas in significant numbers before the holes in the pipes were discovered. And it has been deliberately sabotaged by explosions under the water, so that no gas is going to Germany. Now, if you remember, Germany is the first country that David Wilkerson mentioned in a prophecy way back in the 1990s, when he said that Germany would be the first country to go down financially, followed by Japan, and then it would move to the United States. So now this is a very real possibility for Germany, because without gas, industry cannot function. And I mentioned it in one of my previous messages about the very large company BASF, that is saying they may have to shut their doors. So, we're living in serious times, friends.

I have for the last few days been having a repetitive image being placed in front of my spiritual eyes. It is of a very steep slide, the kind you find in a children's playground. Except this was very high and very steep and there was a person going down the slide. Now, normally you would go down that slide extremely fast from the top just because of the angle and the height of it. But this person was braking every few feet with their own feet, pushing them against the side of the slide. So, they would slide, stop, slide, stop, slide, stop. And I had the impression when I saw it the first time that it depicted the financial markets and that

downward slides would happen, and then, through the intervention of men, downward movement would be temporarily stopped, but then something else would happen and the downward velocity would go again. So once the first bit of slide began, the movement was continually downward in stops and starts, and there was no permanent stoppage of that downward slide. It is almost like the tiddly wink in the other vision I had, that hit the house of cards and it began to fold in on itself - layer by layer, storey by storey. So that's all none too cheerful. There will be temporary halts in the falling of the markets by the effort of man. We saw that in Britain when pension funds were about to go bankrupt and then the banks did a whole debt bailout thing. I don't understand too much the world of finance, but they halted the downward slide temporarily. And a funny thing I was I was chatting to my daughter about the whole thing that was happening, and I said, "It's like a building that is starting to fall down. And then they shore it up with a truss, in order to keep it from collapsing". And she said to me, "Oh, what a pun!" And then I realized, the leader in Britain now is called Liz Truss. And then I was sent a news article where it said that Truss's efforts failed to shore up the plunging pound. So that was really a confirmation to me.

Truss: a wooden or metal frame that supports a structure such as a roof or bridge

So, since I have been watching the early Barley calendar and the Orthodox calendar and the synchronicity and differences between them last month, I've continued to do so as the whole spearhead went into 5783, and something very interesting lines up. To explain about that, first, I need to explain that the month of Aviv or Nissan was only instituted as the first month when the Israelites came out of Egypt, when God said to Moses, "This will be the first month for you". So, before that, the Jews only had one calendar called the Creation calendar. It began in what is now called the seventh month. The seventh month used to be the first month and that is when creation happened with Adam and Eve being created on

the 1st of Tishrei. So, the second month would be what we now know as the eighth month, (the month that comes after Tishrei).

So, when I was looking at the synchronicities between the two different groups; the tip of the spear and the rest of the spearhead, I noticed that there was something very important that was happening. Now, most of us know that the 10th day of the month of Tishrei is Yom Kippur, which is the holiest day of the year for the Jews. It is the 10th day of the seventh month, but because the early Barley ripeness calendar is a month ahead, we are all celebrating the eighth month. When the new moon was sighted, we began the eighth month. So, the eighth month and the seventh month are running concurrently with the two different groups. So, I wondered what happened in history on the 10th day of the eighth month. And then the Lord reminded me that the eighth month used to be the second month, and He took me to Genesis 6, where God spoke to Noah and told him to build an ark. And in Genesis 7, God tells Noah to get into the ark on the 10th day of the second month. And He says, "In seven days' time, I am going to make it rain and the judgment will be unleashed on the Earth". So that 10th day of the second month in Noah's time translates to the 10th day of the eighth month of the current Hebrew calendar - the calendar the Jews use today.

So, we have Yom Kippur on the 10th day of the seventh month, and on the 10th day of the eighth month was the day that Noah went into the ark. Seven days later, it began to rain and it rained for 40 days and 40 nights for the judgment by water. Then the water lay on the earth for 150 days before it began to recede. So, the Lord began to speak to me about this and how Yom Kippur is a picture of the High Priest going into the Holy of Holies, where the ark containing the manifest presence of God was housed. And He then showed me how, simultaneously, the tip of the spear company will be remembering Noah going into the ark - and He

likened it to entering the ark of His presence and being sealed safely in there, as the judgments were rolled out. Now, we know that the Earth is reserved for judgment by fire. It will not be another whole world judgment by water rolled out. But the Holy Spirit really stressed for me that there is a short time period left for preparation! In Genesis 6:21, God was giving Noah instructions after He told him how to build the ark, He said, *'and take you into the ark all food that is eaten and gather it and it shall be food for you and for them'*.

So, God is telling Noah to store up food, collect it and store it up. And Genesis 6:22 says, *'Noah did this. He did all that God commanded him'*. And we know that the end times are going to be like in the days of Noah. And I really had a sense that the Holy Spirit was emphasizing this collecting and storing up of food, both for humans and for animals. And then in Genesis 7:1, (the very next verse after Noah has been told to store up all kinds of food for the people and the animals that were going to be hidden away during the judgment days), *'and the Lord said to Noah, Come with all your household into the ark for I have seen you to be righteous before Me in this generation'*. And in verse 4, it says, *'In seven days I will cause it to rain upon the earth for 40 days and 40 nights'*. So, just before Noah was instructed to move into a place of safety, God had told him to collect and store up food. He did not say, "I will provide for you". He told Noah to store up food! And I really sense that that Scripture in Genesis 6 about collecting and storing up food is a prophetic warning for the remnant in this time.

And I'll tell you why the Holy Spirit emphasized it so much - because on the 30th of September, Russia ratified the inclusion of the four ex-Ukrainian states back into Russia, and Putin made a speech afterwards in which he said, if NATO or the Ukrainian army attacks this territory, which is now new Russian territory, then Russia will respond very severely. And the ex-president of Russia, Medvedev, said

on the sidelines that if they attack the four states that are newly included into Russia again, Russia will hit Kiev and Lviv with nuclear weapons. This was announced yesterday, the 30th of September 2022. And they also said that if NATO attacks Russia with a nuclear weapon in retaliation after they have hit those two cities with nuclear weapons, then Russia will strike London, Brussels and Washington. So, we're living in very serious times. (On Sunday, some covert intel announced that Russia has launched its nuclear submarine Belgorod and the USA has sent its alternative nuclear command centre, a plane called 'Looking Glass' up into the air).

I think when the Lord said to me, "The tipping point has been reached," I suspect that it was also referring to the war situation. It seems to me that the sabotage of the two pipelines, Nord Stream I and Nord Stream II was the starter's gun for World War III, and that it is going to be like dominoes falling from now on. Some time back, the Lord said to me that Revelation 8 was the year 2022, and in there, it speaks about the golden censor being cast upon the earth. Then it speaks about the first angel blowing his trumpet and a storm of hail and fire mixed with blood caused upon the earth, and a third part of the earth was burnt up and a third of the trees and all the green grass. I spoke in that message about the fact that hail and fire mixed with blood could be referring also to a very great increase in warfare, with high powered weapons raining upon parts of the earth - and a lot of people killed, because it speaks of a third part of the earth burning up. And then, of course, we have down in Revelation 8:11, a star falling from heaven, burning like a torch and dropping on a third of the rivers and it turns the waters bitter and the star's name was Wormwood. Now we know that Chernobyl, the great nuclear disaster that happened in history, the word 'Chernobyl' means 'wormwood'. So, Revelation 8:10 & 11 is definitely describing a nuclear attack, and many people died.

I also mentioned in a recent message that on the 24th of September, the day before the Orthodox 5783 began, there was a partial solar eclipse over Eastern Europe and the Middle East with a little bit of North Africa. And when I looked on www.timeanddate.com , seeing that picture of all the countries that would be affected by the partial solar eclipse, in my spirit, I wondered if the outline of the area affected was because of more than one nuclear weapon being fired and released. So therefore, the announcements that were made yesterday by the President of Russia, Putin, are very serious announcements and they are strong warnings - and he is not joking. Therefore, there is a very distinct probability that nuclear war will break out in a short time from now.

Now, if you do not live in Europe with the Middle East, or one of the cities that it was announced would be struck by a nuclear weapon if NATO's struck Russia with nuclear weapons, you probably thinking, "This has nothing to do with me", but you need to understand that the whole world is interconnected. It will bring about a nuclear winter. It will bring about extreme food shortage and the inability to grow crops or even live in the areas that have been hit by nuclear weapons. And remember, all the industry that is going to be stopping! Therefore, supply chains will break down. If you have a car manufactured in a foreign country, you may find it difficult to get car parts in future. Nuclear war is a very, very serious thing...

The Lord really highlighted what was said yesterday on the 30th of September, and then He connected this to Noah going into the ark of His presence and this represents the tip of the spear, the remnant company, entering the ark of His presence, having stored up food for themselves and their animals - and God

shutting the door and sealing them in, so that they would not be harmed in any way by the judgment that was going to roll out.

When I was studying this yesterday, I've been following the Hebrew calendar that watches for the sighting of the new moon, for the start of the new month and the new moon was only sighted on the evening of the 27th of September, which made the 30th of September, the 3rd day of the new month. So, when I was looking at the calendar with Noah, according to the date I was on, it was seven days until the 10th day of the second month when God told Noah to go into the ark. That is one week! And one more week after that, God sealed the door and the judgment began to roll out for 40 days. And I had a very strong sense in the Spirit that the Holy Spirit is strongly warning that the remnant needs to do the last storing up of food and water, in preparation for what is coming and that you have about a week to do it. Then God wants you to enter the Ark of His presence and remain there, because in His presence is fullness of joy and the joy of the Lord is your strength, and He will seal you in. According to that timing, the 17th day of the second month when judgments began to be rolled out falls on about the 14th of October. If you following the Orthodox calendar, it would be round about 11/12th October, but in that week. It's a huge red exclamation mark for that week on the calendar. It's actually the second week of October, sorry, towards the end of the second week of October.

Now, I don't know if the Lord is warning that the nuclear war will break out. All I know is the Holy Spirit has said to me, your preparations need to be complete by the end of the next week. And then you are to enter the ark of His presence and be in worship and in prayer and not be spending your time in activities that are involved with things that will perish. Now, I had an interesting confirmation today. A friend sent me a message to say she had a dream last night in which she was

busy in a room where there were a lot of preparations. And the God highlighted the word 'commotion' and she could see that she was in a room where preparations were going on. And then she had to go outside and put the sprinkler system on the garden. And as she did that, she broke her watch. She was extremely upset about it, not because of the value of the watch, but because she could no longer tell the time. And immediately when I heard that dream, I knew the Lord was speaking about the commotion and the uproar that is going to be breaking out. Remember, previously, I had had the dream about 'commotion in promotion', which was about the manifestation and the announcing of the two sons on oil, Eohn and Eohn, and that one of the places where that word 'commotion or uproar' is used is Psalm 2. In the very first verse, it says, '*Why are the nations in uproar*' and the kings of the earth assemble against the Lord Most high. I think going outside to switch on the irrigation system speaks of being on the Internet and seeking artificial means to water the garden of your heart; out looking for interesting sermons to listen to, anything that makes you feel good and is a comfort in this time of great stress and worry. Just trawling the Internet looking for something to put water on your garden. An irrigation system is man-made. It's laid out by man. It channels piped water onto a garden, but it is not the rain of Heaven. And the Lord of Hosts is warning and saying, "If you spend your time doing that, instead of entering the ark of My presence and allowing the rain from heaven to fall upon the soil of your heart, you are going to lose your ability to tell the time and to have understanding of the times". Remember in the ark, God told Noah to put a window in the ark 'above'. So, when he looked out the window, all he could see was the sky and the heavens. And that word for 'window' there means 'double light'. So, Noah did not have windows on the ark, looking out at what was going on while the rain was falling and the judgments were unfolding. Once Noah went into the ark and God sealed that door, he only

could see the heavens, which were very cloudy and stormy, and he was receiving double light.

I feel the Lord is saying that the remnant needs to spend one more week preparing provision-wise. And then after that, it's enough. I just want to share something the Holy Spirit brought to mind concerning preparation. He reminded me of a dream I had in February 2010, which is in the message 'Fleeing the Fire'. If anybody wants it, it's not on my website, please write to me and I will send it to you. But in that dream, I was preparing to leave, packing suitcases, and there were other people who were better prepared and had prepared ahead of time. But then came the signal that it was time to leave. And I went with my husband to a house in the hills. And there were a lot of people milling about, who had gone to the same place, this house in the midst of a forest. And we were looking through a big glass window out over the forest. And at some point in the dream, somebody said, "The fire is here!" And as I looked out of the window, we saw fireballs whizzing and falling in the forest and causing fires. At that time, it was time to flee. Long story short, during the dream, it became obvious that I hadn't prepared fully and did not have everything that I needed. And when I woke up, I said, "Lord, why was I so poorly prepared? Surely in the dream You could have let me go back and just get the last few things?" And He said to me, "**You have what you have. It has begun**". And I want to say to you that when Noah got into the ark with his family and the Lord sealed the door, what Noah had stored up and prepared was what Noah and his family and the animals had to eat for the next year and ten days. That's how long he was in the ark. So, it's almost as if the Lord would say to Noah, if Noah said, "Oh, can You just open the door? I just want to go and get a little bit more wheat from the market". The Lord would say to Noah, at that point,

“You have what you have. It has begun”.

And so that is why I feel the Holy Spirit is stressing we must use the next week of time to get the things that you need - that you've been saying to yourself, I really must do this. I really must get that. Use your time very wisely, because once Judgment breaks out, you have what you have. It has begun. And so, the Holy Spirit was stressing there's one more week for preparation. And then, after that, it's enough! **“It's just as important to then enter the ark of My presence and spend time in worship and prayer before Me because I have much I want to impart to you and share with you. And I will shut you in and I will protect you in the judgments that are rolling out”.**

Then you need to enter the Ark of His presence because it is in the shadow of the Almighty, as Psalm 91 says, ‘Under His wings’, you find refuge, dwelling in the secret place of the Most High. He will cover you with his opinions. Under his wings will you trust and find refuge. You shall not be afraid of the terror of the night, nor the evil plots, the arrow that flies by day, nor the pestilence that stalks in darkness, nor the destruction and sudden death that surprise and lay waste at noonday. A thousand may fall at your side and 10,000 at your right hand, but it will not come near you. Only a spectator shall you be yourself inaccessible in the secret place of the Most High, as you witness the reward of the wicked. Because you have made the Lord your refuge and the Most High your dwelling place, there shall no evil befall you, nor any calamity come near your tent.

So, Noah, going into the ark of His presence is like dwelling in the secret place of the Most High.

Another confirmation I had from another precious subscriber who managed to contact me; a lovely sister in the Lord who lives in Fort Myers, Florida, and she

said they worshiped and prayed and although it was the most terrifying experience to go through, she said, the Lord brought them out of it unscathed. The roof of their house was still on while all their neighbors had lost their rooves. And she said, "There is quite a lot of cleaning up to do, but the Lord Almighty's hand was over us and protected us". And that's what I'm talking about when I say get into the ark of His presence. And she said, as she was worshipping, the peace of the Lord came, in the midst of the most terrible hurricane force winds. And I can imagine the noise of that hurricane hitting must have been terrifying. But in the midst of it, God gave her the peace that passes all understanding because she was in the ark of His presence. So, I really felt it was urgent to release this message to you today. Those who are following the Orthodox calendar are walking through the Days of Awe towards Yom Kippur. The tip of the spear company are in the eighth month.

By the way, I heard something very interesting. The Jews are taught that the eighth month is the month when the Messiah will inaugurate the new temple. And the word inaugurate means 'to induct into office with great ceremony and pomp'. Now, I don't know if you remember from when I did the message on Eohn and Eohn and commotion in promotion, the word 'commotion' in Hebrew also means 'pomp'. So, in the midst of what is going to break out on the earth in a very short space of time, and even as the tipping point has been reached and the markets are plunging and going down, there is a lot that can cause one to have fear. But understand that in the ark of His presence, fear has no entrance. The Word of God says that *'when I am afraid, I will trust in You'; 'when my heart is overwhelmed, lead me to the rock that is higher than I', 'my flesh and my heart may fail, but God is the strength of my heart and my portion forever'*. He will not fail or forsake you, if you do not forsake Him.

So. I just wanted to give you that understanding about timing. I'm not quite sure what exactly is going to break out within two weeks, but one needs to be securely positioned in the secret place in the ark of His presence as the tip of the spear, trusting Him with your life. You know, Noah had never seen rain and Noah did not fully understand what it would look like, when this judgment by water would unfold. He had no previous experience or reference point, but as it says in at the end of Genesis 6, Noah was obedient and did everything the Lord commanded him. And I want you to do the same. Be obedient and do everything the Spirit of the Lord shows you to do in these times. In Genesis 6:18, it says that God said to Noah, *'I will establish My covenant with you and you shall come into the ark; you and your sons and your wife and your sons' wives'*. Everyone who enters the ark of His presence at this time, is entering into covenant with the Lord; it's entering into a place of putting yourself under the shelter of His wing. Remember, I spoke about the Hebrew wedding ceremony and how the bridegroom puts his tallit, the 'wing' of his garment; the 'kanaph' of his garment around his bride, symbolically saying that she's coming under his protection and provision.

And know that as you are obedient to the Lord in these things and enter the Ark of His presence and worship before His face; not looking out on what's going on, but focusing on Him and entrusting the whole weight of your life into His hands as part of the tip of the spear and the remnant, know that He is completely trustworthy and completely faithful.

Heb 13:5 ... for He [God] Himself has said, I will not in any way fail you nor give you up nor leave you without support. [I will] not, [I will] not, [I will] not in any degree leave you helpless nor forsake nor let [you] down (relax My hold on you)! [Assuredly not!] Heb 13:6 So we take comfort and are encouraged and confidently and boldly say, The Lord is my Helper; I will not be seized with alarm [I will not fear or dread or be terrified]. What can man do to me?

May the Holy Spirit really bless, expand, extrapolate and add to everything I've shared with you. And may He give you light and truth and insight, revelation and understanding and counsel for these days. May you have understanding of the

times and may your heart be filled with the peace that passes all understanding as you trust in him. Amen.
