

## Holding On in the Holding Pattern

### [AUDIO VERSION](#)

Hello, precious saints.

You haven't heard from me for a while. I've had a particularly hectic time. My mother fell and broke her hip, had a hip replacement. My daughter was in hospital. So, I have spent a lot of time with the three different members of the family who are convalescing. In the midst of that, we've all been a little bit up in the air, not quite knowing whether we are in the second month, Adar Bet, or if we have moved into Aviv, and we have been waiting for a report on the barley, and I'm going to discuss that shortly. But first, I want to mention something that the Spirit pointed out to me. If you remember, I announced that I was amalgamating two of my podcasts, the Fresh Sound Podcast and the Fresh Light Podcast were made into one, and the Holy Spirit showed me something really interesting - a prophetic parable in this, Fresh sound is for the ears, fresh light is for the eyes, and these two becoming one speaks of a coming together of cohesive understanding between what you have heard and what you have seen in the Spirit. Before, there was a disconnect, but now God is going to bring it all together and it flows together and you receive better understanding. It's when what you see and what you hear are processed

with the mind of Christ, and you get wisdom as to what to do after the hearing and seeing. It begins to flow. The seeing and the hearing plus the understanding gives you the full counsel of God. Isaiah 42:18 - 20 says, '*You see many things, but you do not understand their true meaning*'. And it says, '*who is blind but my bondservant*'. And then in verse 21, He says that it is his delight to magnify instruction and revelation and glorify them. Instruction is fresh sound. Revelation is fresh light and glorifying them. In other words, enlarging the hearing and the seeing and the understanding that comes with it, so that we are in possession of the full counsel of God and know exactly what to do. This is really important at this time. So, I've really been thanking him for wisdom, counsel, and more of the fear of the Lord because this is the beginning of wisdom. I just wanted to mention that little nugget that the Lord shared with me in between our last message and now.

Now, yesterday, which was Tuesday 20th of February, Becca Bidermann, who I usually follow to find out what's going on with the sighting of the new moon or the ripeness of the wild barley, made an announcement that she had found no barley that was in the correct state for a Passover offering. This means that there has to be an Adar Bet; a second Adar month (bet is the second letter of the Hebrew alphabet). Now why did we wait until today, the 10th, to make this announcement? Because Jesus was the firstfruits barley offering that was carried into Jerusalem and offered at Passover, just as the people of God offered firstfruits barley offerings at Passover. So, He was the pattern firstfruits barley offering. And He was carried into Jerusalem on the 10th day of the month of Aviv, on the back of a donkey's colt. So today, 21st of February is the 10th day of the month - and we now know, because there was no barley found in the right state for a firstfruits offering, that it is the 10th day of Adar Bet.

So, when I shared in The Banquet and the Blueprint part three, I said that the second Adar month or Adar Bet is a holding pattern to allow the barley to get into the right state to be a firstfruits offering at Passover. And I said, "do you hear that, tip of the spear?" A passing over, and the breakthrough is dependent on the state of maturity of the barley firstfruits offering. Now we, as the tip of the spear, represent that firstfruits offering, and by giving us an extra month as a holding pattern, the Lord is saying there is still some work to be done to achieve the measure of the stature of the fullness of Christ. So, it's not something to feel like we have failed, but God in His kindness is giving us extra time in a safe place in the spiritual atmosphere, in a holding pattern for the final touches of the work to be done upon His Tip of the Spear bondslave company. So don't be

discouraged that we have an Adar Bet. It just means that God is wise, and we must ask Him to give us understanding of the times so we know what to do, to marry what we see and what we hear, and process it through the mind of Christ so that we receive the full counsel of God.

I'm just going to interject here to give you some idea for the calendar up ahead. So, we will be celebrating Passover in March. The 29th of Adar Bet will be on the 11th of March. On that day, the new moon will be visible at 2%. It's highly unlikely that it's going to be seen by the human eye without the aid of binoculars or a telescope or something like that. So, it's most likely that the new moon will be sighted on the 30th of Adar Bet, which is the 12th of March. If that is so; if the new moon is sighted on the evening of the 12th of March, the 26th of March will be the 14th of Aviv, which is the day when the lambs were slaughtered at 3 p.m.. It's the day when Jesus said, "Into Your hand, I yield up My Spirit", at 3 p.m. on the 14th of Aviv. He was put in the tomb just before sunset, which began the 15th Aviv, which is when the high priest would go out to the designated field where the firstfruits barley had already been tied together and marked, and it would be harvested after sunset on the 15th of Aviv, processed and then offered the next day.

Why is it important that the firstfruits barley is in the right condition? Because when the firstfruits sheaf is harvested on the 15th day of Aviv, just after the sun has gone down, it is thrashed out with canes, and then the individual grains are put in a pan with holes in it and passed through the fire. If there is not a correct level of protein in those barley grains, it will be vaporized by the fire. It will no longer exist. So, it's very important for the barley to be 'aviv'. That's what it's called when it's in the right state for the firstfruits barley offering. So, God is making you fireproof. Why? Because the firstfruits barley undergoes a baptism of fire at Passover.

So what is significant about Adar Bet? It is the month in which Purim is celebrated is the 13th month on the Hebrew calendar. And the 14th and the 15th of Adar is the celebration of Purim, which is recorded in the Book of Esther. It is a celebration of when God turned sorrow into joy. I want to specifically read those portions of Scripture to you in Esther 9:1. It says, *'In the month of Adar, on the 13th day of Adar, when the king's command and his edict were about to be executed, on the very day that the enemies of the Jews had planned for a massacre of them, it was turned to the contrary, and the Jews had rule over those who hated them'*. So, 13th of Adar, which is this Saturday, by the

way, 24th of February, was the day that Haman, through occult means, had earmarked as a day for the massacre of God's people, but through the fasting and the godly wisdom of Esther, another further decree was released by the King, and the Jews were allowed to defend themselves, and a fear of them fell on all the peoples, Esther 9:2 tells us, and they totally overcame their enemies.

*Esther 9:5 The Jews smote all their enemies with the sword, slaughtering and destroying them, and did as they chose with those who hated them.*

They killed all of Haman's ten sons. He had been hanged nine months before, after the two love banquets of Queen Esther, but his ten sons were killed on Adar 13th, and then the King gave Esther another request, and she asked him to give them a double portion; another day of vengeance on their enemies. So then on the 14th, in Shushan, the enemies were also attacked and put to rout. So it says in Esther 9:20, *'Mordecai recorded all the things that should happen, and sent letters to all the Jews in all the provinces to command them to keep the 14th day of the month of Adar, and also the 15<sup>th</sup>, yearly, as days on which the Jews got rest from their enemies, as the month which was turned for them from sorrow to gladness, and from mourning to a holiday, that they should make them days of feasting and gladness, days of sending choice portions to one another, and gifts to the poor.'*

So, in those words, you hear the echo of Isaiah 61, where Jesus spoke from when he stood up in the synagogue. Do you remember? He said, "The Spirit of the sovereign Lord is upon me to proclaim the acceptable year of the Lord and the day of vengeance of our God". So, we see in Esther and in what happened with the Jews routing their enemies, a foreshadowing of this day of vengeance of our God, to grant consolation and joy to those who mourn, to give them beauty for ashes, the oil of joy for mourning, and the garment of praise instead of the spirit of heaviness. And then further down it says in Isaiah 61:8, *'I the Lord love justice. I hate robbery and wrong, and I will faithfully give them their recompense in truth and make an everlasting covenant with them.'*

So that is what is being celebrated this coming Sunday and Monday, 14th and the 15th of Adar: the oil of joy for mourning, double what we forfeited and everlasting joy.

So, the Jews remember Adar as a month where God turned their sorrow into joy. Now do you remember that I shared in A Banquet and a Blueprint, when I was talking about nuclear fission, that the Lord said that PRAISE HAS MORE POWER THAN PRAYER IN THIS REGARD? We bombard situations with prayer, and then at a certain point, just like with the nuclear fission process, it looks like progress is halted. In fact, it looks like things are going backward... But if you continue bombarding the heavens with praise of the One True God and the glories and wonders of His person, suddenly there is a huge outbreak and release of power. So, we have been given a further month, a holding pattern, in which to practice outrageous praise, outrageous praise for the wonder of who God is and glorifying Him for all that he has done.

Now, I have really been studying the months of Adar and Aviv in parallel in this last week, because I didn't quite know which month we were really in until yesterday. A few days ago, in the province where I live, there was a green comet spotted in the sky at about 8:00 at night, quite low on the horizon. I didn't know what this was, so I looked it up and I discovered that it was comet C /2022 E, and so I went over to Stellarium and I had a look at where this comet was positioned in the constellations, and is there perhaps a sign and a message concerning this comet that God has chosen to come round right at this particular time, where we are making certain what month of the Hebrew year we in and finding ourselves in another holding pattern. What I discovered was that this comet can only be seen in the southern hemisphere, by the way. So, for once, all of us in the southern hemisphere have something impressive! It is only visible for a few days. I think probably we're past it now, but it is positioned in the constellation of Horologium, which is a pendulum clock constellation. Can you believe it? And the day in which it was sighted, it was between the five and the six on the face of the clock. It was in transition from 5 to 6. This pendulum clock is positioned in the heavens between two constellations the Dorado constellation, which is a huge swordfish, and the ~~Serpens~~ constellation.

**\*\*Here I am going to make a correction in the transcript. I wrongly identified the lower constellation where the comet is concerned as Serpens. It is actually Eridanus, which Bullinger identifies as 'the river of the Judge':**

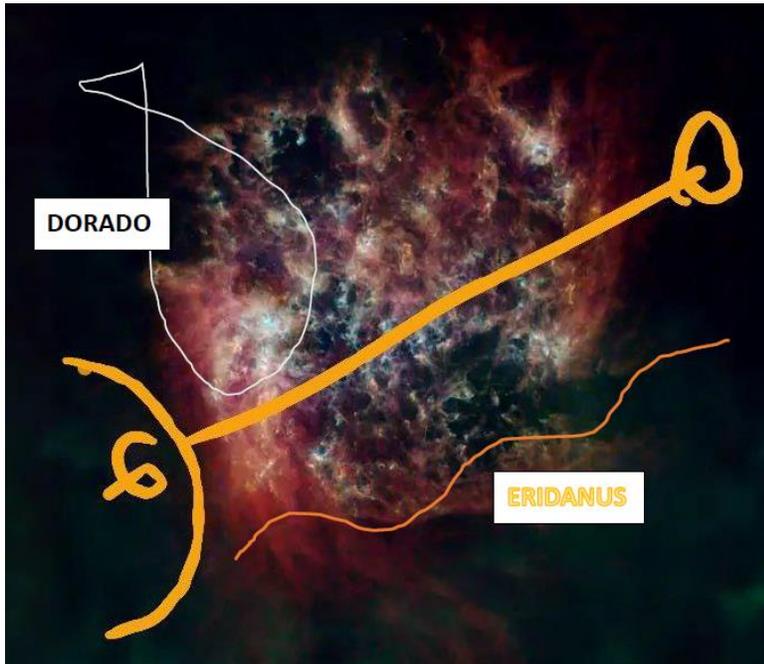

*'The River of Wrath Breaking Forth for His Enemies.*

It issues forth, in all the pictures, from the down-coming foot of Orion. While others see in it, from the ignorance of fabled story, only "the River Po," or the "River Euphrates," we see in it, from the meaning of its name, and from the significance of its position, *the river of the Judge.*'

Now on today, the 21st of February, which is the 10th of Aviv, this comet has moved & is now exactly on the six of the clock face, and at 8:00 at night, when it would be visible above the horizon in the dark. The pendulum stretches forth like a sceptre. I stared at this picture of the constellations, and suddenly I saw that from the six, the pendulum was not hanging down, the clock was almost upside down, but the pendulum was at an angle between Dorado and Eridanus,

and it looked exactly like a sceptre. Then I remembered my last message, where I spoke of my six pomegranates, and I said that the number six is the number of man, because man was made on the sixth day. And the Hebrew word for man is ishi, but it also means husband, and therefore the six can represent the bridegroom and the wedding. And here today, on the 10th of Adar, bet that comet C 2022 E is positioned and highlighting the six on the clock, the exact place that the pendulum extends from and in its position in the heavens. This evening it is extended like a sceptre.

Immediately the Lord gave me Psalm 110. Let's read that together. *'a Psalm of David. The Lord says to my Lord, sit at my right hand until I make your adversaries your footstool. The Lord will send forth from Zion the sceptre of your strength. Rule, then in the midst of your foes.'*

So, tonight in the heavens is a depiction of that, the sceptre being extended between the Eridanus RIVER OF THE JUDGE constellation and the Dorado or swordfish constellation.

And what is the swordfish a picture of? Well, a fish is a picture of a Christian, and a sword is the sword of the word. So, a sword-fish is a believer who rightly divides the word of truth and wields the sword of the Spirit, and it is apparent that this Dorado constellation is face to face with the river of the Judge, but the pendulum of Horologium is in between the two, and on this particular day it is extended from the six (from the Ishi) just like Psalm 110:2 says, the sceptre of his strength is extended from Zion, and so, we can deduce that the clock face is a depiction of Zion. Zion truly is God's timepiece. The sceptre or

the rod of his might... That word for sceptre in Psalm 110:2 is 'mattah', which means 'a branch, a rod, a sceptre'. So, He is going to bring forth His Servant, the Branch. He is going to extend the rod of judgment and the sceptre of rule, positioned in between the river of the Judge and those who rightly divide the Word of God. Psalm 110 goes on to speak of a people who offer themselves willingly in the day of His power, in the day of His might; the Day of the Lord, and *'in the beauty of holiness from the womb of the morning, spring forth Your young men who are as the dew'*, the Amplified says. So, it speaks of a company being birthed from the womb of the morning. The womb of the morning is the morning watch because that is where the dawn is birthed from. In the morning watch, it comes forth and the sun rises over the horizon. Psalm 110 goes on to speak of the priesthood of Melchizedek and the Lord at thy right hand, striking through kings in the day of His wrath, and judging amongst the heathen. So, there's quite a profound prophetic picture in the heavens this evening, as this comet, like a highlighter, highlights the number six on the Horologium constellation, and the pendulum is extended like a rod or a sceptre in the heavens, separating the river of the Judge, ruling in the midst of His enemies as He extends his sceptre from Zion.

On the 28th May, that comet has moved and is now positioned right on the shaft near the end of the pendulum, where the weight of the pendulum swings from. So, it seems that the Lord is really highlighting the fact of a clock and His times, and it is the tribe of Issachar that has understanding of the times, so that they know what the people ought to do.

Now, in this past week or so, I have had, conversations with a few of my subscribers who I've known for a while, who are all in extremely difficult situations. They have been praising and bombarding situations with praise, just as the Lord had prescribed we do, and have testified that things seemed to actually be getting worse and going backwards. I also personally have felt extremely tired... Extremely tired. I cannot even describe how tired I felt. I wake up tired. I'm tired all through the day and eventually, after a few days of this, I thought, what is going on here? So, I asked the Lord and he said, "You are passing through a sound barrier from the arena of earthly sound to the arena of heavenly sound. Passing through a sound barrier is very exhausting for the flesh. And all that is earthly will try to drag you back and keep you in the influence of earthly sound, but keep pressing through. It is the same as the pause just before nuclear fission, the nucleus becomes deflated and seemingly unaffected by what is sent to bombard it into fission, and then suddenly... Suddenly!"

I'm sure you've all been in worship services where you praise and praise and no one is feeling anything, and then all of a sudden, the worship takes off into another level and you're in heavenly worship, not earthly worship. I'm sure all of you have experienced that. There is a changing of an arena from earthly to heavenly worship, and even as when a pilot pierces the sound barrier, there is a physical effect on his earthen vessel, there is a dragging back and a pull, and the physical vessel experiences it, the Lord's advice was to keep pressing through. Just as in a worship service, you keep praising, you keep worshipping, and suddenly it is as if the angels join you and you are lifted into a whole other arena of praise.

As I was meditating on that, I was reminded of the birthing of a child and how it has been said that the birth process is exhausting for the mother, but it is also very exhausting for the baby. And as the man child comes through the final stages of the birth canal before being brought into full manifestation, there is quite a lot of exhaustion that is experienced. Then the Lord reminded me of a message that I shared actually in 2020 at a conference called The Sound of the Warrior Bride. Now, when I went back and read that message, I realized something. If you are a seer and you see something in the spirit because you are far sighted, you often assume that it's very close, but actually it's still quite far away. And the message I gave at that time was concerning the morning watch year. When I reread it, I realized I was four years early in the release of that message, because what was shared in that message is for NOW. And so I am going to share with you again what was in that message. I'm going to go through my PowerPoint notes and share with you.

So that we can have understanding of where we're at in this holding pattern 13th month of 5784. Jesus was both the Son of Man and the Son of God. The Son of Man is an earthly sound, the Son of God is a heavenly sound. And Ephesians 1:19 and 20 tells us something very interesting. Verse 18 speaks of Paul praying *'that we may have the eyes of our heart flooded with light, so that we may understand the hope to which we are called, and the riches of his glorious inheritance in the saints, so that you may know what is the immeasurable and surpassing greatness of His power in and for us who believe, as is demonstrated in the working of His mighty power (verse 20) which He exerted in Christ when He raised Him from the dead, and seated Him at the right hand in the heavenly places, far above all rule and authority, and power and dominion, etc...'* So it was this incomparably great power which raised Christ from the dead. That is what God filled

Christ with in raising Him from the dead. He was known as the Son of Man before that, but then He was seated at the right hand as the Son of God in power, by the transition and release of the incomparably great power of God; the resurrection power. It is that which moves us, which fills us and lifts us and translates us into a position of being sons of the right hand.

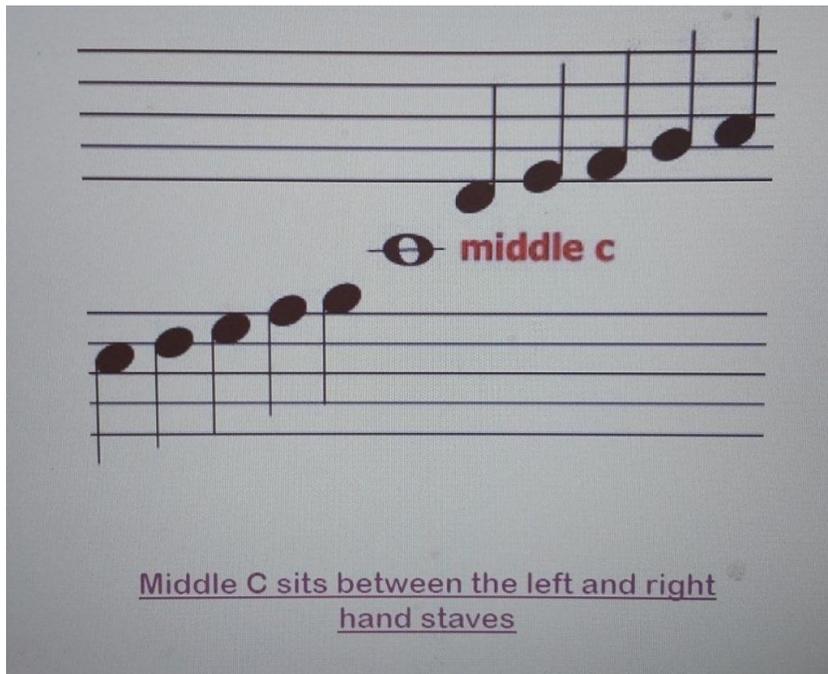

**Dream - 3 black notes in a row**

- quarter notes,
- 1 count each
- Exactly same note repeated 3 x

So, in 2020, I shared that I had a dream in which I was shown three black musical notes in a row, all on the same level. They were quarter notes of one count each, so it was exactly the same note repeated three times.

Then in the dream, I heard a voice saying, this is the sound the Morning Watch company must make, and I was shown a different note. It looked like an oval with a line through it. It was a whole note. I had to ask a musician about this because I know nothing about musical notes. And that whole note is held for four counts. God was saying to me in the dream that the Morning Watch Company must release a sound that must be able to be held for four counts or four watches. Then I was told that the note I saw was middle C and when music is written. The middle C sits between the notes for the left hand and the notes for the right hand on the staff. So middle C is the halfway point between the left hand and the right hand.

And the Spirit was saying that the sound of middle C; the whole note (In other words, nothing missing, nothing broken) that is held for four counts must be what is released by our earthen vessels. That is the frequency. Then the Lord showed me that the three black notes I saw were three night watches for the remnant.

They signify a personal Refiner's fire, a demonic assault, sickness, that it is the sound of sorrow, suffering and grief released. Those three night watches for the remnant are the dark night of the soul testing, as we hold on to the promise of God. The whole note represents the morning watch. It is a change of sound, a change of season, and a change of station and location.

**4 notes altogether – 4 watches**

- **3 dark notes = 3 night watches for remnant**  
personal refiner's fire, demonic assault, sickness, same sound of sorrow, suffering grief released dark night of the soul, testing as you hold onto promise of God
- **1 whole note = the morning watch**  
a change of sound  
a change of season  
a change of station and location

So we have to ask ourselves, what is the sound of middle C? I asked the Lord this. He said it's the sound signifying that darkness retreats and light advances. If middle C represents the morning watch, halfway through the morning watch, darkness begins to retreat and light advances.

The attack of the night is removed and revelation, light and understanding begin to flood in, in increasing measure. It is also the sound of division, separation and return to holiness, having no fellowship with darkness, no love affairs with the world, moving forward in union with the light of the Lamb. It is the sound of creative light at work.

## What is the Sound of Middle C?

- Darkness retreats and light advances  
Attack of night removed, revelation & understanding
- Sound of division, separation and return  
TO HOLINESS – no fellowship with darkness  
TO HOLINESS – no love affairs with world  
moving forward, in union with the Light of Lamb
- Sound of creative light at work (Gen 1)  
Separation of counterfeit light from TRUE LIGHT
- Separation of waters/words, firmament in place  
heavenly words from earthly ,soulsh words

In Genesis 1, God said, "Let there be light". And then He separated the light from the darkness. So, the sound of middle C is the separation of counterfeit from true light. It's also the separation of heavenly words from earthly soulsh words.

So as God completes the creation of the sound of middle C in your earthen vessel, you can expect Him to show you which of the prophetic words you've been holding on to are actually earthly soulsh words, and which are heavenly words, which are true light, and which are counterfeit light, so that you can cast away the counterfeit soulsh words.

"I am raising up a different breed of prophets who are a true fountain of habitation; a true source of the Bread of My presence.... No longer will the mouth of dark counsel be heard in the midst of My priests. No longer will the profane be passed off as holy bread. For I will unseat and I will defeat the counsellors who masquerade as messengers of righteousness. What does straw have in common with wheat and what does the mire have in common with My living waters?"

The Lord actually said something to me in 2020 (see image to the left).

The sound of middle C is also the sound of completion of preparation. The forming is done, and then there is the assaying or the testing of the gold and silver vessels, the filling and the sealing of the useful vessels fit for the Master's use. Then the Lord utters His voice before His ready army, as Joel 2 describes; the army spread like the dawn on the mountains.

The sound of middle C is the sound of the full measure of the seven Spirits of God being poured into a bondslave bride. When Ruth met with Boaz on the threshing floor in the darkness of the morning watch, he said to her, "Who are you?" And she answered, "I am your bondslave". So, what I want to say to you is what is the sound coming from your vessel? Because God is wanting to forge the sound of a bondslave; the frequency of a

bondslave in your earthen vessel. What is a bondslave? A bond slave is a saint, a called out one that is emptied of self.

What I have found, and what I have been discussing with people I've had chats with in the past few days, is that self is very deeply embedded in our foundations, and especially when the time of waiting and the holding pattern is extended, you will find the vestiges of self that remain rising up and loudly speaking their complaints. And you need to recognize that and bring everything into submission to Christ, because you are being forged into His bondslave to be released from the womb of the morning, as those who have offered themselves willingly.

Remember, was it Job who said, "Though He slay me, yet will I trust Him" Now, trust is very different to faith. God is looking for the complete forging of a pure bondslave sound in this Adar Bet month. Faith is focused on a particular positive outcome. It's the substance of things hoped for you, hoping for certain things, but TRUST is something utterly different. Trust is complete, unshakable confidence in the character of God despite what surrounds you. Trust is connected to rest and throwing one's whole weight upon the character of the God who holds you, when you don't know what is ahead. Though He slay me, yet will I trust Him. Not 'will I have faith in Him', YET WILL I TRUST HIM.

God is developing trust. He's saying to us in this holding pattern month, "Do you trust Me? Even though you're bombarding the heavens with praise and you see no change, do you trust Me? Or is it still your faith in the substance of things hoped for that's in operation? Or are you desperately praising Me with the hope of an outcome in mind? Or are you entering a place of rest as a bondslave, knowing that you are Mine and your future is in My hands, and you trust My character with the whole of yourself? Is that why you praising Me? Because of My character... Because of who I Am?"

Is there a sound of middle C coming from your bondslave vessel - trust as opposed to faith? The sound of middle C is the sound of inheritance release for sheep. The sheep were sent to the right hand, remember? Jesus was elevated through resurrection power to the RIGHT HAND. The manchild is caught up to the throne. The adoption of the sons is the sons of the RIGHT HAND; those who take over their Father's business. If God can smell the fragrance of complete trust coming from your earthen vessel; if that is the frequency you releasing, then He knows He can entrust you with His ruling governing power.

If you are sent to the right hand, if you look at the musical staves and the middle C in the middle, moving to the right hand is an UPWARD move. It's 'come up here' like the Spirit said to John. It's being elevated to a son of the right hand. Scrolls are handed out. What did Jesus say to the sheep who went to the right hand? Enter into your inheritance. The right hand of the Father releases scrolls. The right hand releases a double portion inheritance. It's the blessing of the firstborn; a double portion of territory and inheritance. That is what awaits those who move to the right hand, once the middle C bondslave sound is forged.

Middle C is also the sound of relegation to fire for the goats, those who only give lip service to the Word. Do you remember Nadab and Abihu, Moses' sons? They had eaten in God's presence, but they had pride and presumption, and they were spiritually ambitious. They moved before the appointed changing of the guard in ministry, which was to have been when their father died. One of them would have taken over the High Priestly position, but they couldn't wait for the appointed time of release into ministry. They just charged in of their own accord and offered strange fire, and we all know what happened to them. Don't try to lay hold of your inheritance and crown before God's appointed moment. Spiritual ambition is not something the Holy Spirit gives you. It is an appetite of the flesh. It is earthly and soulish. The Word of God tells us to take the lowest place and get invited higher.

Come up here. The sound of middle C, the bondslave. "I am your bond servant", Ruth said to Boaz, and then she was invited higher to the place of being the bride. You know, people said to Jesus, "We ate and drank in your presence". And what did Jesus say? "Depart from Me. I never knew you".

So how do we get things tuned to middle C? We use tuning forks. When a tuning fork is struck, a pure sound of whatever note that tuning fork is made for is released, and then the instrument can be tuned to flow in harmony with that tuning fork's vibration and frequency. The striking of the middle C tuning fork is the dinner gong for the Endtime Remnant. It is a table prepared in the presence of your enemies to feed on His goodness and faithfulness, and I see tuning forks with aprons serving a continual feast of the wisdom of the Word. These are the wise servants who serve meat at the right time. We are needing meat in this morning watch time, that will produce the sound of middle C, the

sound of a bonds slave in an earthen vessel. So, God is going to be bringing before you the meat of the Word. It is going to sharpen and tune the frequency of your earthen vessel if you submit to it and allow it to do its work within you. This is the banquet He lays before you in the presence of your enemies, and as you eat of it and digest it, you will find your frequency being rightly adjusted to middle C - to the sound of the bonds slave Bride.

Middle C is also the sound of 'abar'. Abar means 'to cross over'. Cross over quickly before the end of the morning watch. Do you remember that David was fleeing from Absalom, who had taken the throne, and a death assignment was released against him, and Jonathan came and warned him. He was exhausted and camping on the wrong side of the Jordan in the evening, and this friend came to him and said, "Abar abar, cross over quickly, because there are death assignments released against you. And it says in 2 Samuel 17:2, let's read that, this was the death assignment that Ahitophel released.

*'I will come upon him while he is exhausted and weak, and cause him to panic, and all the people with him will flee. And then I will strike down the king alone, and I will bring back all the people to you.'* This is what the unrighteous counsellor released as a blueprint for the destruction of King David - to come upon him when he is exhausted and weak, and cause him to panic and be abandoned by the people around him. So, David had spies in the palace. Jonathan and Ahimaaz quickly ran to tell David, and they were in danger themselves, but they came to warn David. In 2 Samuel 17:21, *'after they had departed, the boys came up out of the well and went and told King David and said, arise and pass quickly over the river Jordan. For thus and thus has Ahithophel counselled against you'*. Cross over quickly is 'Abar abar'. Cross over quickly. *'And then David arose, and all the people that were with him, and they passed over the Jordan. By the morning light, not one of them had not crossed over'*. And this is the message for YOU, precious remnant, Tip of the Spear Company: Cross over quickly!

Allow this bonds slave sound to be formed in you, because a death assignment has already been released against you, and you need to cross over the Jordan into the place of safety. You need to get away from the death assignment, and the only way to do it is the Jordan. 'Jordan' means 'descent, to go down', to humble yourself to the place of a bonds slave. Jesus knew who He was, where He had come from and where He was going, and He took the bonds slave towel and washed His disciples' feet.

So, you need to be alert to the fact that you have an enemy that wants to wipe you out before you access the fullness of your inheritance. You need to cross over, put a guard on your mouth and cross quickly to the place prepared. By morning, all had crossed over.

Middle C is also the sound of the Sun of Righteousness approaching with healing in His wings. Many have been wounded in the house of their friends in the three night watches. Many have had experiences with Judas's. The Sun of Righteousness is wanting to spread the wing of His marriage covenant over you. Take this month of Adar Bet as a time for outrageous praise and declaration of your trust in the unswerving and utterly dependable character of God. Deal with any unbelief in your heart. Sometimes when we complain, "Why are things taking so long?"... Sometimes when we say, "Oh, I must be mad, I can't believe all this", that's really unbelief speaking. Repent of unbelief.

Return to the place of trust. Your every breath comes from the Lord. You are His. He is responsible for you. Allow the middle C sound of a pure bonds slave bride to be forged in you, so that you can be called to come up higher, to move to the position of the right hand and the release of the double portion inheritance. Celebrate Purim this year on Sunday and Monday, a time of turning sorrow to joy. It's a time of experiencing the day of vengeance of our God.

May the Lord bless you, and I really hope that something I've shared has encouraged you, or connected or been a confirmation of things you've heard. One more thing I want to share, which the Holy Spirit just reminded me of. You know, the Lord often speaks to me when I'm driving around, with things written on the sides of buildings or number plates or whatever. On the 12th of February, which was the 1st of Adar Bet, I saw a truck which said 'Right Side Up Logistics', and immediately the Holy Spirit said, "The right side is the right hand. There is a promotion of troops being moved into place". Logistics is the movement of army troops and supplies. Things are being put in place for the sons of the right hand to move to the right side, and they are coming UP. They are moving up to the right hand, RIGHT SIDE UP LOGISTICS are currently underway. The angels are very busy even though you cannot see what they're doing. So be encouraged, saints.
