

Transcript of 'A Banquet and a Blueprint pt 3'

I did say last time I was going to do part three of the old series on Adar and the setting in place of the jewels, but the Lord has said to me that I need to do the other side of the ladder, the other chromatid of the DNA blueprint He gave me on the 7th of January - concerning the dragon of Revelation 12. I will do the other message on jewels in a separate message.

Firstly, I want to issue a correction from my previous podcast. I said that the standard for tuning musical instruments was 432 Hertz. That is incorrect. I had forgotten that the standard is 440Hz, and that is what they tune the A note to in musical instruments. It's called the Stuttgart Pitch, because there was a German Nazi musician who set that standard worldwide. God spoke to us about 444Hz, the key of David. So, I will correct it in my own copies of the transcript, but please, if you've printed out the transcripts, please correct your own transcripts.

So do you remember I shared my dream of going through the hotel, coming out the door, people playing in the valley by the river and portals breaking open on the mountains, and the Lord had showed me that there's a double layer of meaning in that dream. Now I'm going to share with you the other layer of meaning that He showed me, and it concerns the other side of the DNA double strand. So, when He said to me, **"At Easter, the idol church will be swept to destruction, but the watching ones will see and understand what is coming and warn and be led to safety"**, I knew He was referring to what happens in Revelation 12, when the dragon releases a flood after the woman who is fleeing. I actually asked Him, "Lord, is the flood breaking forth from the mountain floodgates in my dream, also representing multiple avenues of the flood coming from the dragon's mouth to sweep away the woman described in Revelation 12?" and He said, "Yes, the dragon has seven heads and seven mouths".

So, let's read the scriptures where it mentions that. It's Revelation 12:3. It says, *'there appeared a wonder in heaven, a great red dragon having seven heads and ten horns, and seven crowns upon his head'*. And then in verse 15, it says: *'and the serpent cast out of his mouth water as a flood after the woman, that he might cause her to be carried away after the flood'*, and that word 'carried away' is 'overwhelmed' by the stream. It's a composite of two words, and basically it's to be drowned by the river. Verse 16 says,

'and the earth helped the woman, opened her mouth, and swallowed the flood'. So, there we have revelation that it is a seven-fold flood. Now that's important, isn't it?

So, a day or so later, I said to the Lord, "Tell me more about the seven-fold flood from the dragon's mouth?" And He said this: "**It will be released in different areas of everyday life.**" And He listed seven areas.

1. Agriculture and food supply.
2. Education.
3. Health.
4. Government.
5. Utilities ie. power and water supply.
6. Travel and transport.
7. Faith and Freedom to worship.

And then He said something very interesting, "**The dragon's mouth is COP 28**". Now, those who've listened to the last couple of months of my podcast know that COP 28 was the climate change conference that was held late last year. He said to me, "**It will flow from so many directions at once that those who are not grounded on the rock will find their feet swept out from under them**". I was immediately reminded of the parable Jesus told of building your house upon the rock or upon the sand. Deuteronomy 32:3,4 (the Song of Moses), which I mentioned in part one and two, says *'Our God is a Rock, and there is no unrighteousness in Him'*.

Then I saw a boxing glove again. Remember I'd seen one before, a fist in a boxing glove, when He spoke about nuclear fission. But this time there were seven boxing gloves, and they were all shooting out of long, crisscrossing springs. You know, when a jack in a box comes out of a box? It's got that kind of spring that can extend. Well, I saw that boxing gloves with the hands inside were all, mounted on those kind of springs, and they came, like, from all different sides of a clock. Seven punches all at once in a circle towards a lone person that was standing in the middle. And I heard this. "**Having no escape or room to avoid these punches or any of the blows, will leave people reeling**".

The Lord said that person standing in the middle represents mankind. **“The dragon hates those made in My image. In the Year of the Dragon, the punches will be pulled and the only escape is for those braided to Me”**. And obviously that is a reference to the wings of the giant eagle that I shared about in part two.

A day or so later, He told me that 2024 will be a very TUMULTUOUS year. I looked up ‘tumultuous’. It means ‘full of confusion, change and uncertainty’. The etymology of the word tumultuous comes from

the Latin ‘tumultuosus’. It means ‘commotion, uproar, disorder, disturbance and unruliness’. Now, we’ve already seen that breaking out, haven’t we? Even in late December, and very much so in January, there’s been a lot of commotion, uproar, disorder, disturbance. You almost don’t know where to look because there’s bad news coming from everywhere.

Then the Lord took me to Deuteronomy 32:24. Chapter 32 seems to be a key scripture for understanding this DNA blueprint that God has given us. It was the Song of Moses, which was the last song which he relayed from the mouth of the Lord over the people of God, before he handed over the baton to Joshua, and the Lord took him home. So, Deuteronomy 32:24 is describing what happens to those who forget their God, worship other gods and are unmindful of Him, and move Him to jealousy with their vanities or with their emptiness and godly lifestyles. Deuteronomy 32:24 says:

‘they shall be burnt with hunger, devoured with burning heat. (There are actually seven things in verse 24 and 25) pestilence, the teeth of beasts and the poison of serpents of the dust’. This is the King James. V 25 *‘The sword without and terror within shall destroy the young man and the virgin, the suckling, and the man of gray hair’*. In other words, all age groups of those who have forgotten the Lord. There is a seven-fold judgment being

unleashed. Actually, in verse 23, He says, *'I will spend My arrows upon them'*. God is really angry. Verse 22 says, *'A fire is kindled in My anger, and burns even to the lowest hell, and shall consume the earth with her increase, and set on fire the foundations of the mountains'*. So, we see this is actually a description prophetically of the day that burns like an oven (Malachi 4), the Day of the Lord.

The Lord connected Deuteronomy 32:24 and 25 with its seven judgments to Revelation 6:8, where the fourth seal is opened and the death rider rides. Let's just read that so that we get the whole context of what the Lord is connecting here, because it's important that there are these two witnesses in the Old and the New Testament. The pale horse that is riding after the fourth seal opens.

'And I looked, and behold, a pale horse. (The word is 'chloros'. It also means 'green'. It's from the word for 'green', which is chloe. Interesting). And the rider on the pale horse is called Death. And they followed with him Hell'.

So, this Death Rider on the Pale Horse is bringing hell with him. He's accompanied by a whole demonic entourage, and it says power was given unto them over a fourth or a quarter of the earth to kill with sword, hunger, death and beasts of the earth. In the Amplified Bible, those things that a fourth part of the earth are slain with is listed as *'the sword, famine, pestilence (or plague) and wild beasts'*. So we see that there's one, two, three, four of the seven judgments of Deuteronomy 32:24 and 25 are mentioned as being unleashed with the pale horse riding and the fourth seal.

Now, something utterly astounding is that Deuteronomy 32:25 is the 5784th verse in the Bible! We are in the year 5784 in the Hebrew calendar. Wow - can you get more convergence than that? Verse 32 of Deuteronomy 32 also tells us something, but I just want to go back to verse 31 first. It says, *'how could one have chased 1000 and 2 put 10,000 to flight, except the Rock had sold them and the Lord had delivered them up'*. Now, the Babylonian church often uses the first half of this verse in intercession when talking about warfare and victory. They misquote this verse totally. They say 'one can chase a thousand, two can chase 10,000'... And they're talking about the church waging warfare in unity and sending the demons fleeing. But this verse is not about that. This verse is about our God, the Rock having delivered up His people - surrendering them to these judgments... and why? Because verse 31 says, *'their rock is not our Rock. Even our enemies know this'*. So what is He saying? The one that they are worshiping, that

they call 'God' is not the real God, the Rock. Even the unbelievers and the enemies know and can judge that what the Babylonian church is saying is 'God' is definitely not our God, the Rock. And then it says something very important in verse 32 and verse 33! *'Their vine is the vine of Sodom'*. Now, what was Sodom judged for? Incredible sin and uncleanness, Homosexuality, vile abominations passed off as normal sexual activity. And then it says *'the grapes of gall...'* Gall is bitterness. Gall is a poison! So, they making wine and serving it up... but it's poisonous. POISONOUS. And their clusters are bitter. Their wine is *'the poison of dragons'*, says the King James. 'Tasneem' is the word. It actually means 'a sea serpent or sea monster'. Leviathan is the sea monster or a serpent. *'...and the cruel venom of asps'* - so their wine is combined from two different vintages... the poison of dragons and the venom of serpents. How interesting when you think of the shot in the arm that has snake venom peptides in it. If anyone has, dug further into repenting of being involved with the shot in the arm, or wants more information about the fact that there are snake venom peptides in the concoction in those syringes, there is an [excellent video exposé by Doctor Brian Ardis](#).

God is coming to judge, it says, Deuteronomy 32:36 *'the Lord will judge His people and repent and relent for His servants' sake'*. Which servants? It says His 'ebed' - his bondservants. So, we see that judgment by fire, a seven-fold judgment is unleashed on those who have been unmindful of their God, been drinking the venom of serpents and the dragon (In other words, something Satan has cooked up and is serving as a counterfeit wine and saying it's from God, the Rock). Deuteronomy 32:43 says that the Lord will avenge the blood of His bondservants who have been martyred, and He will render vengeance to His adversaries and be merciful to His land and His people.

So, this is the song of Moses that God said would *'drop like the rain and distil as the dew, and as the little showers upon the tender herbs'*. The Lord is coming in power and He will protect His consecrated ones, avenge them, and render recompense to them. Chapter 33 goes on from this. Moses is still talking, but chapter 32 is the song that God gave Moses to sing, and then Moses himself releases a blessing over the people of God as they prepare to cross into the promised Land. In verse two, he speaks about the Lord coming from Sinai and shining forth from Mount Paran with ten thousands of his saints. From His right hand went a fiery law for them. How very interesting. *'Ten thousands of His holy ones'* - those are His consecrated ones. And He's releasing a flaming fire from the position of His right hand. Where's His right hand? It's where the sons of the right hand are positioned. This is connected to the scripture in Habakkuk

3:3&4, where Habakkuk also speaks of having a vision of the Lord approaching from Mount Paran, and it says in verse 3, *'His glory covered the heavens, and the earth was full of His praise'*. Do you remember – 'Praise has more effect than prayer in this regard'. And verse 4 says, *'His brightness was like the sunlight. Rays streamed from His hand, and there was the hiding place of His power'*. So, there's power streaming from His right hand, rays of light and power. That's telling you that the sons of the right hand are receiving, being filled with, and releasing light and power and executing righteous judgments under the direction of the Holy Spirit.

Now remember the Lord said that in the year of the dragon, the punches will be pulled. The Year of the Dragon begins on February the 10th, 2024. And the UK actually released a coin, the first coin with the head of King Charles on it. It is a 500-pound coin commemorating the lunar year of the Dragon. It has a Chinese dragon - which has no wings, by the way, on one side, and on the other side is the head of King Charles. Now I find it quite bizarre that the British nation would release a coin with a god of China on the back of it, and celebrate the Year of the Dragon with the head of King Charles on the other side. How significant... The Lord said, **"COP 28 is the mouth of the dragon"**, and King Charles was intimately involved with COP 28. He actually gave the opening speech. And at COP 28, they confirmed a covenant for seven years. The nations will be aligned until 2030, and they started counting those seven years on the 7th of January, 2024. How do I know this? Because it's on the COP 28 website - there's a counting thing. King Charles has his manifest called the Terra Carta, which is the document for the earth, and 56 members of the Commonwealth supported it, supposedly for a sustainable future. But for who? ...Seeing as they're trying to wipe out anything with carbon in it, which is the human race! At COP 28, they made a decision to release five land-based and five water-based mandates per year until the year 2030. That's ten per year... so 70 mandates concerning the land and the water will be released by 2030. The first ten will be released within the next few days. We do not know the date.

In 2025, there will be a strengthening or confirming of COP 28. which is the iron fist of COP 28 for three years. 2025 is the Year of the Snake. Well, that's interesting because it's straight back to Revelation 12. First of all, there's a dragon appearing in the earth. Let's just go back to Revelation 12 and take note of which verses. Revelation 12:3, the great red dragon is mentioned in the heavens. And he's standing before the woman in the heavens, ready to deliver her child, because he wants to devour it. And then a bit further on verse 7, it says, *'There was war in heaven. Michael and his angels fought*

against the dragon, and they prevailed not - the dragon and his angels prevailed not. *'...Nor was there place for them found. In heaven anymore, and the great dragon was cast out.'* Then suddenly, he's described as that old serpent, the devil. So, at the casting out point, then he's identified as the serpent. So, 2024, the Year of the Dragon. 2025, the Year of the Serpent. Now, all this is quite disconcerting, isn't it? COP 29 is going to be held on the 11/11/24. In other words, the 11th of November, 2024, in Azerbaijan. And it is the Climate Change Conference.

I had a look at the numbers 5784 in the Hebrew alphabet. Each letter of the alphabet is represented by a number. So, 5784 is Hey, Zayin, Chet and Dalet. Now, they all have pictographs connected to them. And I knew as I stared at this, that there was a hidden message in this 5784, and I said, "Lord, how do I read the message?" And He said, "Read from right to left like they do in Hebrew". So I started with four, then eight, then seven, then five.

| | |
|---------|---|
| 4 Dalet | door |
| 8 Chet | fence in |
| 7 Zayin | sword (the Lord said the righteous are His sword) |
| 5 Hey | breath, behold |

the meaning of 5784 is 'He who is the Door encircles or fences in the righteous with His fiery breath'. Isn't that beautiful? It actually takes us to the scripture about God saying He will be a wall of fire around about His people and glory in the midst. And that is Zechariah 2:5.

As I shared in part one, God gave me different segments of the nucleotide chain of the revelation, all mixed in with each other as they are joined together on both sides of the DNA ladder. So, it's actually been quite difficult to navigate a straight path through it, so I can give you a message that makes sense, as you're only hearing what I'm saying and not seeing anything happening as one would on a video.

Now, the middle part of the morning watch is Nautical Twilight. I've said this to you many times. It's the time where there's darkness on the earth, but light increasing in the heavens. It is the time when armies often release an attack against their enemy, because the prevailing level of darkness is such that they can position themselves very close to enemy positions and strike while they still sleep. Nautical Twilight is represented by the months Shevat, Adar, Aviv and Iyar in the morning watch year 5784.

We entered Adar on the evening of the 12th of January, 2024 and, 29 or 30 days later, Aviv 5784 will begin, if the barley is in the right state of ripeness to be harvested as a Passover firstfruits offering two weeks later, on the evening of the 14th of Aviv.

So, the end of Adar will mark the halfway point of the morning watch year, meaning that three and a half watches of the dark night of preparation for the remnant is at a close at the end of Adar, and there will be enough light in the heavens to discern your position... But you must bear in mind that for the dark side, the sons of light are the enemy.

So, God is warning that the enemy is using the months of nautical twilight to position themselves very close to the sons of light, undetectable because of a level of darkness in the earth. Therefore, we have to cry out to God for an increased level of spiritual discernment at this time, because people will join themselves to the wise with flatteries. That's what Daniel tells us, sidling up in the nautical twilight. In my message, Part three of the Morning Star Rising, I said this:

2 Samuel 11:1 *'In the spring when kings go forth to battle...'*

The actual Hebrew says, *'when the year ends'*, which refers to the end of the month of Adar, the 12th month and the beginning of Aviv, which God had said in Egypt would be called the first month. This is the time kings rode out to battle. So, it makes sense that a new king would have been appointed and crowned before riding out to war. By the time Aviv 5784 comes around, the manchild company will be fully equipped, anointed and ready to ride out to battle, as the dragon wages war against the remnant seed (which is spoken of in Revelation 12). This means that the month of Adar that we're presently in, as the tip of the spear, is a time of **great spiritual impartation and positioning**. Revelation and blueprints will be released from the throne to trustworthy bondservants.

Aviv is the month when Passover occurs in the Hebrew year (that is spring, as I've said). So, notice that this confirms the timing of God positioning His manchild army during the time when attacks on the enemy are carried out - halfway through Nautical Twilight, the beginning of the month of Aviv. Always remember the tip of the spear represents the forerunners, those who go ahead of the rest of the pack. Forerunners experience things ahead of the Body for a reason. This is why God has us on the early Barley Ripeness Calendar. We are a month ahead of the rest of the Bridal Company. When piercing a sound barrier, it is the tip of the spear that breaks through first.

Now here's a quote from 'The Morning Star Rising, part two':

'There is a veiled reference to the Morning Star Company in Micah 2:12. it says, 'I will surely assemble you, O Jacob, all of you, I will gather the remnant of Israel and put them together as the sheep of Bosrah, (Bosrah means sheepfold), as a flock in the midst of their fold, and they will make a great noise by reason of the multitude of men. The breaker will go up before them. They will break through, pass through the gate, and go through it, and their king will pass on before them the Lord at their head.'

The word for 'break through' is H6555 paratz it means 'to break or to burst out from a womb or enclosure'. What is that speaking about? The completion of birthing. And it says the king will pass on before them, the Lord of their head. The Hebrew H5674 for 'pass on', which is abar (I've spoken of this many times), means 'to cross over, to pass beyond', but it also means 'to emigrate, to leave one's territory'. So, at the time of the breaking or bursting out of the womb, there is an emigrating and a leaving of one's territory as you're led out by the king. Who is this breaker? It doesn't say specifically, but remember the morning star weapon described in the Morning Star series is used to crush and break. It is the tip of the spear that pierces or breaks the sound barrier and crosses over and passes beyond, breaking open the way for the rest of the spearhead to pass through. I believe the Morning Star company rising in the Morning Watch with the King, the Lord at their head are the breaker, and the rest of the remnant can follow through the open passageway that has been created in the spiritual realm by this breaker company. The breaker will ascend before them. They will go out – that's plural. It's a company that break through (paratz) the gate and go through it. The tip of the spear is the breaker company.

Similarly, the forerunner priesthood in the wilderness broke open the way through the barrier of the Jordan River because they carried His manifest presence upon their shoulders (the shoulders are the place of authority). And they stood firm, carrying the weight of the presence of God, so that others could cross over, and then formed the rearguard as they stepped onto the Promised Land, behind the last Israelite ready for war, who crossed over. Okay, so it's interesting because the forerunners then become the rear guard when you're immigrating into other territory.

Genesis 3:15 says, *'I will put enmity between the serpent and the woman, between the serpent seed and her seed. It shall bruise your head (the woman's seed will bruise the serpent's head) and you will bruise his heel'*. So, there's a bruising of the heel caused

by the serpent seed. The word 'heel' in Hebrew is H6119, and it means figuratively 'the rear of an army'. So, the rear guard, the forerunners who perform the function of the rear guard when crossing over into the territory of the Promised Land have a dual function at this particular crossing. First, they have to pierce the barrier. First, they have to be the forerunners that break through. Then they have to stand firm with the weight of the presence of God in their lives while others cross. And then they become the rear guard, the rear of the army, or the 'heell. The bruiser of the heel attacks the rear guard.

As the tip of the spear rear guard launch forth to put their foot on the land of the inheritance, the enemy lies in wait for them. Be aware of this, remnant. The enemy lies in wait as you step onto the promised land of your inheritance. The dragon lies in wait for the manchild as he emerges from the womb, and the dragon has seven heads. In Luke 11:53, it speaks about Jesus, and it says, *'and as He said these things to them, the scribes and the Pharisees began to urge Him vehemently and provoke Him to speak of many things...'* They were trying to catch Him out. They were trying to get Him to talk about things He hadn't planned to talk about. Verse 54: *'laying in wait for Him and seeking to catch something out of His mouth, that they might accuse Him.'*

Set a guard before your mouth, tip of the spear. Do not respond to provocation. Expect a flurry of accusation from all sides, and it will be false accusation. It's trying to goad you into reacting. DO NOT REACT. That Greek word for 'lying in wait' actually means 'to lurk and to plot assassination', and it comes from a root word meaning 'to ambush'. What does the enemy seek to do? Devour the manchild, cut short his destiny, assassinate the remnant seeds potential.

An ambush is unexpected. You just walking along, going about the business of life... and bam! The heel catcher strikes. Be alert. The enemy wants to strike your heel and trip you up, using the words of your own mouth to accuse you. He wants to bruise your heel. He's lying in wait, plotting assassination of the forerunner rear guard - the ones carrying the presence of God and His authority on their shoulders. Now we see this happening in Daniel 6:3. It says:

'Daniel was distinguished above all the presidents and the satraps, because an excellent spirit was in him, and the king sought to set him over the whole realm. Then the presidents and the satraps sought to find occasion to bring accusation against

Daniel concerning the kingdom, but they could find no occasion or fault, for he was faithful, and there was not any error found in him'.

Basically, this is a spirit of jealousy attack, because the King wanted to promote him over the whole realm and they were jealous. The spirit of jealousy will release a death assignment against you. (Please email me if you need further information on that). So, these satraps set a trap for him using his righteous, holy lifestyle before God and the fact that he prayed three times a day. They manipulated the King into passing a law that people could only praise and ask things of him, but God preserved Daniel through their schemes, shut the lions' mouths and elevated him afterwards, and his enemies were devoured by the very fate they hoped would meet Daniel.

The root word for 'excellent spirit' is 'yathar'. It means 'to excel, to abound, to preserve, to leave a remnant or reserve'. A reserve is one who comes afterwards. The rear guard, those with an excellent spirit are the remnant tip of the spear, RESERVED to be released at this time, and the dragon wants to devour them as they come forth into the light of day. Any hint of being lifted to a place of honor, and the enemy wants to bruise the heel. He strikes to hinder the breaker company from going forth with the power of God's strong right arm to participate in executing righteous judgments in the nations. But look what happened in Daniel's case - God preserved him in the lion's den, and the accusers became the lion's lunch.

Now, I have been through a very interesting time since releasing my last podcast. On Friday night, while I was asleep, in the third watch of the night, I suddenly was attacked with a horrendous cramp in my right calf; so severe that I could not break it. I spray my legs with magnesium oil every day - I should not be getting leg cramps. It was definitely an attack. It was the heel catcher attacking me while I was asleep and resting, and it was extremely painful. (In other instances when this has happened, the Lord has indicated a spirit of jealousy attack). After that, the whole of the weekend, I could hardly walk on my right leg and I had a great big lump in my calf.

Now the Lord showed me that it was an attack and not just something physical. He also told me that I needed to apply essential oils to dissolve blood clots and to bring healing, anti-inflammatory essential oils and to make a tea of turmeric, ginger, star anise and cinnamon. He gave me a whole list of instructions of what to do internally and externally in the natural. Fortunately, I had all the ingredients as I'm a bit of a home remedy queen.

But the one essential oil he told me to use specifically was Helichrysum. Now, that name is derived from Ancient Greek words 'helios' and 'chrysos'. Helios means 'sun' and chrysos means 'gold'. So, the gold of the sun was the essential oil that dissolves blood clots and brings healing. It's an amazing essential oil. Get yourself a bottle. So, I put it in carrier oil, added a bit of ginger essential oil for an anti-inflammatory and massaged my calf with it, and then carried on with the instruction to praise and make His name great in the earth... But it took me a couple of days to realize that what was happening to me was both a learning experience for me (the Holy Spirit was wanting to teach me about what's going on in the spiritual realm) plus, I got the attack in my physical body.

Now, the fact that I used Helichrysum 'sun gold' was very important spiritually and prophetically. The golden light of the Sun of Righteousness is being released in every area where you have experienced blockage, pain and attack. As these revelation keys are released to you, great joy will break out amongst those of you who fear His Name. There is healing in the Sun of Righteousness' wings and He is rising. The wings that it speaks of are the wings of His garment - His prayer shawl or tallit. This is the protection and provision rightfully belonging to the Bride of Christ.

Malachi 4 speaks of the Sun of Righteousness. In the day that burns like an oven, where there is judgment for the wicked, there is also a release of righteous judgment and healing for those who fear Him. It's recompense all round; restorative justice for those who fear the Lord. Now, in the phrase that the healing in his wings, the word healing is 'marpe'. It means this: 'a cure, deliverance, healing or remedy'. The Lord released healing from His wings to me in the form of giving me remedies and a cure that would bring healing. Marpe comes from the root word 'rapha', which means 'to make whole'. Jehovah Rapha is the Lord our Healer and it is He who is manifesting His light, revelation and truth in the season of Adar, giving answers sought for many years of suffering by the faithful.

Set-apart remnant, I'm going to give you another example. My mother is 91, an amazing woman of God, but she has suffered a lot physically in her life and in her latter years, the last couple of years, she's experienced an incredible amount of pain and all sorts of different maladies that don't seem to be connected. She's really been crying out to the Lord to take her home. Because I'm a bit of a home remedy queen, I have a folder on my laptop which has got all sorts of information about herbs and healing and how to

treat various different things at home, without using chemicals. I saw a folder there that I hadn't looked at in a while about copper, and I decided to watch the video - AND I DISCOVERED A KEY. The Lord shone light on a key for 'my mother's healing. The lack of copper in the human body causes anaemia, because your body cannot absorb iron if there is not enough copper in your body. And when I researched this further, every single one of the things that my mother struggles with is due to a lack of copper in her body. So, God was giving us a key. He was sending a cure, a remedy, healing and deliverance for her. So now I know how to treat her. If anybody wants more information on that, please email me and I'll send you a PDF on the information that I have.

So I decided to do a Bible study on copper because I knew this is a spiritual lesson as well as a natural lesson. The word 'copper' is 'n^echôsheth'. It's H5178 and it can be translated 'copper or brass', but it also means 'fetters'. Fetters imprison you. The root word means 'the red color of the throat of a serpent'. How very interesting! Isn't it the serpent that bruises the heel? Isn't it the serpent that seeks to destroy the woman? Isn't it the serpent that was in the garden and appears again in Revelation 12? That's also connected to the word 'nakash', which means 'to hiss, to whisper a magic spell, enchantment'. In other words, the throat of the serpent that is attacking the rear guard, that is striking while we sleep, that is bruising the heel is done through magic spells, witchcraft and enchantment released against the remnant - through the seven mouths of the seven heads of the dragon!

So Beloved as the manchild emerges from the womb and the birth canal, the breath of the dragon is there; a seven-fold foul breath full of witchcraft and cursing, but the Lord is teaching us how to deal with it. In Revelation 12, the word for 'dragon' also means 'a great serpent', but in Revelation 12:9, the word used is 'ophis'. It's a different Greek word in verse nine, and as well as meaning 'a snake', that also means 'a sly, cunning, malicious person'. In other words, the kind of person that would curse you and slyly do it catching your heel.

But what does Revelation 12:10 say, when the dragon is cast down to the earth? It says, '*now is come the salvation and power of the kingdom*'. So, I looked into that Greek word for 'salvation'. It's 'soteria'. It not only means 'salvation', it also means 'health and deliverance'. The Sun of Righteousness is rising with healing in His wings, deliverance and health and cures and remedies. Expect to be given revelation and keys for things

you have wrestled with physically for many years. It's the season of the Sun of Righteousness releasing it to those who fear Him.

Not only is salvation of the kingdom come, but power, or strength. That's the word 'dunamis'. It means 'miraculous power'. There are going to be miracles taking place, Beloved. Expect it! That's what the healing that's brought in the wings of the Sun of Righteousness is going to release - miraculous power! That word translated 'power', 'dunamis' also means 'might and strength and violence'. The violent take the kingdom by force. They are those who become filled with the dunamis power of God.

So of course, in my little folder there was a recipe for how to make a substance that helps to deal with all the maladies that deficiency of copper causes, and I had to go and buy copper wire. So I trekked off to the metal scrap place; where all the tramps take all the metal they've stolen from other people - the taps and the copper wires from the railway line and goodness knows what. They take it there and sell it...and then an honest person can go and buy some to make a remedy or a cure! So, I took note of everything that happened because I knew that there would be keys, and it was part of my learning experience. Copper is 180 Rand per kg in South Africa at the moment. The Hebrew word H180 means 'river'. So, God is going to be using the copper to deal with the river that comes out of the dragon's mouth. And I bought just under a kilogram of copper wire, and it cost me R157.50. The Hebrew word H1575 means 'a warrior, grasping a weapon', and it comes from a root word which means 'a cubit'.

From that information, the Lord took me to Judges 3:16. Ehud made himself a dagger which had two sides of a cubit length, and he girded under his raiment on his right thigh. Ehud was left-handed, so his dagger or his sword was on the opposite side to a normal warrior. So, when he went in to see this enemy king, he had no sword on the left-hand side, though, so they assumed he was unarmed. But his cubit length dagger was under his garment on his right side, so his left hand could pull it out. They were watching his right hand for movement. So, isn't that interesting? It was a secret weapon. God has given me a cure and a remedy, a secret weapon to stab the assignment of the enemy against my mother in the stomach and slaughter it, cut it to pieces, and safely leave there before the enemy discovers it. Isn't that utterly amazing?

God is going to be releasing secret council for victory over battles you fought for many years, not understanding why there's no breakthrough. It's a two-edged dagger.

Hallelujah. You can plunge it right into the stomach of the enemy's assignment against you!

Then I had a look at the price of the copper in Greek. G1575 means 'to break off'. And immediately I thought of branches that are broken off because of unbelief. God disconnects from branches that have unbelief and they become dried out and brittle. And it is these that the enemy uses as launching pads for his curses and his judgments within the Body. These are where warfare comes from. Our enemies are members of our own household, from the dried off branches that are not connected to the Spirit of God, not living and full of sap. Paul when he landed at the island of Melita after the shipwreck, gathered a bundle of dry sticks (which are broken off branches), laid them on the fire, and out of the midst of that bundle of sticks came forth a viper, a snake, a serpent, and fastened on his hand. But it says in acts 28:5. he shook it off and felt no harm.

Beloved, as serpent seed lies in wait to bruise the heel of the rear guard as they step into the promised land of their inheritance, you can just shake it off. You will feel no harm. You are not going to die, but live and declare the glory of the Lord, no matter what the enemy throws against you. That has been my declaration over myself while battling this lump in my right calf after being struck. The other thing that made me realize that it's a serpent attack is that the Lord taught me about the spirit of jealousy and how when soulish believers are jealous of those that God uses, the enemy can launch curse attacks against them. And He took me to an interesting fact about frankincense trees. There is a snake that lives in frankincense trees and it's called a Jaculus. It hangs there quietly, and it strikes passers-by in the feet, and the blow of it knocks them off their feet. It also strikes things like rabbits and kills them by the strength of the blow - but a person is bigger than a rabbit, so a Jaculus will strike at the feet of someone walking past, knock the person off their feet and bruise their heel.

Now what does the frankincense tree represent? Prayer. So, when people pray soulish prayers and make soulish ecrees of judgment over a godly person and the way they walk with the Lord, a serpent attack is unleashed to bruise their heel. Our enemies can be the members of our own household; the household of God. Now in acts 28:5, where it says that Paul shook off the serpent, it actually says, he shook off 'the beast' into the fire. In other words, the one that launched the attack out of the dry sticks in the fire meets its end in the fire. And that word for beast is 'Therion'. G2342. It means 'a

dangerous animal or a wild beast'. It's the same word used in Revelation 13:1, for a beast rising out of the sea - a beast system. The Thayer Dictionary says that that word 'therion' can also mean 'a brutal, bestial, savage, ferocious man', and it comes from a root word meaning 'destruction or trap'.

So, look at all this the Holy Spirit taught me out of showing me that copper is the key for the remedy for my mother's severe suffering. Praise God, praise God, praise God!

Now, because we've already begun the month of Adar as the tip of the spear, Passover is going to be celebrated very early in 2024. The evening of the 10th of February should be the beginning of Aviv 5784, if the new moon is sighted in Israel, and the evening of Saturday, the 24th of February is the beginning of the 14th of Aviv, which is when Passover is. That's if the barley is in the right state of ripeness. Remember, we always look at that, because Passover is the time of the barley firstfruits offering. If the barley is not in the right stage for it to be ripe enough on the 14th of Aviv for the firstfruits offering, then another month is inserted, and it's called Adar II. What is Adar II? It's a HOLDING PATTERN, Beloved. It's a holding pattern to allow the barley to get into the right state, to be a firstfruits offering at Passover. Do you hear that, tip of the spear? The passing over, the breaking through is dependent on the state of maturity of those marked as the barley firstfruits offering.

What is the maturity? It's the measure of the stature of the fullness of Christ. What is the fullness of Christ? Let's look at the Greek for that in Ephesians 4:13, *'that we all might grow, attain oneness in the faith, that we might arrive at mature manhood, the measure of the stature of the fullness of Christ.'* That word 'fullness' is 'pleroma'. Do you remember the lilies with the sevenfold light pouring out of them that my friend dreamed of? And God said to her, "Their name is Pleroma", fullness, fullness of Christ - in other words, carrying the seven Spirits of God, not just the first fruits of the Spirit. So why is fullness important? Because the war of ages is about to break out and the dragon is lurking, ready to devour. BUT God is equipping His lilies with pleroma; the fullness. Adar is the month of impartation unto fullness, for setting in place.

Isn't it interesting that The Chinese Year of the Dragon begins on February the 10th, 2024? And that is the same day as the expected FIRST DAY OF THE FIRST MONTH for the tip of the spear. Aviv starts on that evening. Isn't that interesting? While the nation that worships the dragon begins the Year of the Dragon, those who worship the

Lord of Heaven and Earth are starting their first month, the month when the Israelites did the exodus of Egypt. The tip of the spear is moving towards the passing over at that time.

Now, [Rivkah Biderman](#) is the lady in Israel that alerts us to the ripeness of the wild barley, and she has said, because of the danger with Hezbollah, sending missiles and whatever to the area where she lives in Galilee, she's not able to go out and check as often. But she hadn't seen a lot going on with the barley. And it could be that there will be an extra month. But she did announce that she's witnessed the first formation of wild barley heads. Why does she look for wild barley? Because it is planted and watered by God, not cultivated and forced into fruitfulness by the interference of man, artificial fertilizers or irrigation.

There's also been another witness to the possibility of a very early Passover. On the 1st of January, 2024, there was an announcement that the almond trees are blossoming in Israel. Now, normally they only blossom in February, but they're blossoming a month early. So, it seems to be an indication that there is another witness that. God is showing, due to His natural signs and confirmations that Passover is coming very early this year.

I'm going to continue this message in part four, because I see I've already gone over an hour and I do not want to overwhelm you and give you indigestion. I pray that I've spoken in a way that has been clear. I pray I've encouraged you. Watch out for the heel catcher. Set a guard before your mouth. Cover yourselves with the Blood when you go to sleep. Break bread daily and understand and be expectant that keys for cures, remedies, healing, deliverance, and miraculous healing are being released. As the Sun of Righteousness is rising higher and higher, He's coming to those who fear them. - and I have got two instances in my very own family, where He has released understanding and revelation about cures and remedies for things we've been struggling with. I love you. Thank you for your prayers. It's such a joy to serve you and to serve the Lord. Hallelujah!
